*Subject: Elmore County, Board of County Commissioners
Permit No. 61-7731
Beneficial Use Field Report*

Dear Mr. Keen,

Enclosed on behalf of Elmore County, Board of County Commissioners, is a completed Beneficial Use Field Report for the above-referenced permit, signed Statement of Completion, a Request to Reinstate a Permit Lapsed more than Sixty Days and a check for \$250 for the reinstatement request. If you would like digital shapefiles of the points of diversion or places of use, please let me know and we will forward them to you.

As the permit is currently in the name of Mountain Home Groundwater Advisory Committee, which disbanded several years ago and is therefore unavailable to provide Proof of Beneficial Use. Elmore County, Board of County Commissioners, is the reasonable successor in interest to this permit and responsible for ensuring continued future beneficial use.

Please let me know if you have any questions regarding these documents.

Sincerely,

A handwritten signature in blue ink that reads "Scott King". The signature is fluid and cursive, with the first name "Scott" and last name "King" clearly distinguishable.
