

MEMORANDUM

Date: December 12, 2017
To: Transfer 81986
From: Ryan Tracy
Re: Review & Evaluation of Sufficiency of Information

This transfer proposes to change the point of diversion and place of use for a four-acre portion of water right 35-7273. The place of use for water right 35-2288 will also be changed and combined with the four-acre portion of 35-7273 to create a 46-acre combined place of use. The point of diversion for water right 35-2288 will also be corrected. The POD for water right 35-2288 is currently located in the NESENW, Lot 4, Sec 4, T02S, R36E. The correct location is in the NENW, Lot 2, Sec 4, T02S, R36E.

Authority to File:

The Applicant are the current owners of the water rights per IDWR record and owner of the property at the proposed point of diversion and the proposed place of use per Bingham County taxlot data and warranty deed. Luke H. Marchant is the Applicants attorney signed the application.

Water Right Validity:

Decreed in 2002. Aerial photography shows consistent irrigation. Forfeiture is not an issue.

Injury to Other Water Rights:

Inside the ESPA and regulated by WD 120. The current and proposed points of diversion are in adjacent ESPA model cells. No ESPA analysis is required. This application was advertised and there are no protests. The water master does not oppose the application.

Enlargement of Use:

No issues identified.

Local Public interest:

No issues identified.

Beneficial Use/Conservation of Water Resources:

No issues identified.

Review of the application finds there is no clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this application.
