RE: Notice of Intent to Void Water Right Permit No. 57-11657

Dear Ms. Varnes:

I sent a letter with the following information on October 2, 2017. I have not received a response. In 2004, the Idaho Department of Water Resources (Department) issued water right permit 57-11657 to Ivan Carson. The permit authorized the development of ground water to divert 0.05 cfs for irrigation. I have been unable to contact Mr. Carson and believe you currently own the property at the permit place of use

The final step in the water appropriation process is the issuance of a water right license. By issuing a license, the Department recognizes that all the requirements for establishing a water right were met. No water right license can be issued, however, if the development authorized by the permit did not occur within the authorized time period. For that reason, before issuing a license IDWR must conduct an examination to verify the development.

The following information will help me license permit 57-11657:

- Do you receive any water from the Opaline Irrigation District or from any other source?
- Can you provide me with information about the pump and the irrigation system? If possible please supply information about the make, model and horse power of your pump.

If you believe a water right was developed in accordance with the permit, please contact me at 208.342.3482 or by email at sandra.thiel@idwr.idaho.gov. **Please provide the above information by December 1, 2017.**

Sincerely,

Sandra Thiel
Sr. Water Rights Agent

RE: Permit No. 57-11657:

Dear Mr. Carson:

In 2004, the Idaho Department of Water Resources issued water right permit 57-11657 authorizing the development of a right to divert 0.05 cfs for irrigation. The final step in the water appropriation process is the issuance of a water right license. By issuing a license, the Idaho Department of Water Resources recognizes that all the requirements for establishing a water right were met. For your convenience I have enclosed a copy of the permit.

The following information will help me license your permit:

- Do you receive any water from the Opaline Irrigation District or from any other source?
- Can you provide me with information about the pump and the irrigation system? If possible please supply information about the make, model and horse power of your pump.

Please provide the above information by July 15, 2016. If you have any questions, please contact me as soon as possible at (208)287-4881 or sandra.thiel@idwr.idaho.gov.

Sincerely,

A handwritten signature in cursive script that reads "Sandra Thiel".
