4. If the water rights and/or adjudication claims were split, how did the division occur?

☐ The water rights or claims were divided as specifically identified in a deed, contract, or other conveyance document.

☒ The water rights or claims were divided proportionately based on the portion of their place(s) of use acquired by the new owner.

5. Date you acquired the water rights and/or claims listed above: June 8, 2016

6. If the water right is leased to the Water Supply Bank changing ownership of a water right will reassign to the new owner any Water Supply Bank leases associated with the water right. Payment of revenue generated from any rental of a leased water right requires a completed IRS Form W-9 for payment to be issued to an owner. A new owner for a water right under lease shall supply a W-9. Water rights with multiple owners must specify a designated lessor, using a completed Lessor Designation form. Beginning in the calendar year following an acknowledged change in water right ownership, compensation for any rental will go to the new owner(s).

7. This form must be signed and submitted with the following **REQUIRED** items:

☒ A copy of the conveyance document – warranty deed, quitclaim deed, court decree, contract of sale, etc. The conveyance document must include a legal description of the property or description of the water right(s) if no land is conveyed.

☒ Plat map, survey map or aerial photograph which clearly shows the place of use and point of diversion for each water right and/or claim listed above (if necessary to clarify division of water rights or complex property descriptions).

☒ Filing fee (see instructions for further explanation):

o \$25 per *undivided* water right.

o \$100 per *split* water right.

o No fee is required for pending adjudication claims.

☐ If water right(s) are leased to the Water Supply Bank AND there are multiple owners, a Lessor Designation form is required.

☐ If water right(s) are leased to the Water Supply Bank, the individual owner or designated lessor must complete, sign and submit an IRS Form W-9.

RE: Change of Ownership for Water Right No(s). 21-4033 & 21-10950

Dear Water Right Holder(s):

The department acknowledges receipt of correspondence changing ownership of the above referenced water right(s) to you. The department has modified its records to reflect the change in ownership and has enclosed computer-generated reports for your records.

Please note the ownership change was for a split of 21-4033, however after the applicant purchased additional property a split was no longer required, therefore you are entitled to a \$75.00 refund. The refund has been initiated and will arrive at Moffatt Thomas from the state office in couple of weeks.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing an ownership change notice, the department does not review the history of water use to determine if the right has been deliberately abandoned or forfeited through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Sections 42-222 and 42-223, Idaho Code.

Also, please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact this office if you have any questions regarding this matter.

Sincerely,

Jonie Barg

Rhea,

Good afternoon!! This one is a little confusing. Please let me know if you need more information.

I have a refund request as follows:

Receipt number: E042478
Amount: \$150.00
Payable to: Parsons Behle & Latimer
900 Pier View Drive Ste 206
Idaho Falls ID 83402

Reason: Total filing fee received \$225.00 for 2 ownership change application for 3 water rights. The ownership change was originally submitted for a split of 2 water rights. The applicant purchased additional ground therefore a split is not required. The applicant is entitled to a partial refund. Please see portion of the email chain from the attorney working with the applicant. If you need the whole email let me know.

Jonie:

Thank you. Please note that the law firm of Moffatt Thomas is essentially dissolved and is winding up its business. Our Idaho Falls office left Moffatt Thomas in June and joined Parsons Behle and Latimer. If possible, please send the check to Parsons Behle and Latimer at my address, not Moffatt Thomas. If you send it to Moffatt Thomas, it may not make it to the Leavitts. If you must send it to Moffatt Thomas, can you make it a joint check to both Moffatt Thomas and Glenn Leavitt? That way Moffatt will need to endorse it and sent it to Leavitt.

I appreciate whatever you can do in this regard.

Thanks,
Jon

Mr. Stenquist:

I will proceed with 21-10951 by just adding Leavitts to the water right. It looks like we will have a \$150.00 refund. Unfortunately, I have to submit the refund to the same entity that submitted the fee, in this case that will be Moffatt Thomas. I have attached the copy of the receipt for you convenience. I will work on completing the ownership changes and I will send a copy of the information to all parties. Thank you for your time. Let me know if you need anything else.

Happy Holidays!

Mr. Stenquist:

Sorry for the delay, I have been working on researching the best way to complete the split for 21-10951. This water right is for stockwater and 300 cattle.

I have come up with a couple of options:

- rather than split the water right we can add Leavitt's and leave Ice House as a current owner as well (if we go this way the applicant will receive a partial refund)
- or get some kind of an agreement from all the parties that own an interest specifying the cfs each party will get and the number of beef cattle.

Which way do would you and your client like to proceed?

Also there are 2 other water rights, which are both ready to data enter, one was originally requested as a split however with the additional property purchased the water right will not be split so the applicant will be entitled to a \$75.00 refund.

Let me know how you would like to proceed. Thank you and I hope you have a wonderful day!

My name is Jonie Barg with the Idaho Department of Water Resources. Our office has been holding an ownership change for quite some time. According the information I have received you are attorney I should be working with in order to get this application complete. If that is not the case please let me know. The applicants are Glenn and Kathleen Leavitt the ownership changes are for water right 21-10951, 21-4033 and 21-10950. The department had been asked to hold the application because the Leavitt's were considering purchasing the rest of the water rights. The department has never received further information. The deed the department received was recorded on June 9, 2016 as instrument number 558518. Please inform the department on how we should proceed. Should we complete the split ownership change with the information we already have? Return the application not complete? Or is there another deed for the rest of the property covered by water rights 21-10951 and 21-4033? If you have any questions please contact me. Please see below a trail of emails which started back in September of this year.

Ms. Barg, I apologize for the delay in response. We've had several recent changes related to our firm and I had to do a little research as well as checking with our accounting person (who is part time) to locate what was being done on this matter. Several Moffatt Thomas attorneys left the firm in early June and joined the Parsons Behle law firm in Idaho Falls. It appears that the Leavitt files were transferred to them at the request of that client. I believe Attorney John Stenquist is the attorney for the file that deals with these water rights, so by way of this message, I am copying him so that the two of you can work on getting the information you need.

Thanks so much for your patience.

Matthew:

My name is Jonie Barg with the Idaho Department of Water Resources. Our department received an ownership change nearly 1 year ago from your office by Sarah McCormick. Sarah had indicated that she was leaving and asked me to hold onto this file for additional information and indicated you would be taking over this file. The department has not received any additional information or contact since early this year. According to the notes on file we are waiting for the follow information before the ownership change can be complete:

**** **Evidence of Ownership:** According to the notes on the file we are waiting for additional evidence of ownership. The application was originally filed as a split for the water rights 21-10951 & 21-4033, and no split for water right 21-10950. According to the notes on file the department is holding this application because the applicant Glenn and Kathleen Leavitt were planning to purchase additional property. If the property was purchased the water rights may not require a split.

Can you please research the information you have to see if the Leavitt's decided to purchase additional property or not. Please let me know how to proceed with this application. Should I go ahead with the split with the information I have, have the Leavitt's purchased additional ground or is this still in the air?

Please get back to me at your earliest convenience. Thank you for your time.

Dear Mr. Swank:

Please find enclosed Notices of Change in Ownership for water right nos. 21-10951, 21-4033, and 21-10950, including the required \$225.00 fee. These changes in ownership were precipitated by the purchase of land by Glenn and Kathleen Leavitt. Please find enclosed a copy of the Warranty Deed and plat map indicating the property now owned by Glenn and Kathleen Leavitt.

Please do not hesitate to contact me with any questions or concerns.

Sincerely,

Sarah A. McCormack
