Department of Water Resources
Eastern Region

CLAIM TO A WATER RIGHT

Under the provisions of Section 42-243, *Idaho Code*, any person claiming a water right established by diversion and application of water to beneficial use must file a claim with the Department of Water Resources. **The filing of this claim does not confirm the water right claimed.** Water rights represented by a valid permit, license, decree, or previous claim are exempt from this requirement, as are uses of water for domestic purposes as defined in Section 42-111, *Idaho Code*. A filing fee must be submitted with this claim. See the instruction sheet to determine the appropriate fee.

Notice is hereby given that City of Montpelier
(Name of Claimant)

Mailing Address: 534 West Washington St. Montpelier ID 83254

Telephone No: _____ Email: _____

claims a right to the diversion and beneficial use of surface or ground water. The extent and nature of said claim is as follows:

1. Date of Priority: (When the water was first applied to beneficial use) 7/27/1943
A claim is not acceptable for the use of surface water with a priority later than May 20, 1971. A claim is not acceptable for the use of ground water with a priority date later than March 25, 1963, unless the water is used for domestic purposes as defined in Section 42-111, Idaho Code.

2. Describe the source of water: (Name of stream, lake, spring, etc., or ground water)
Ground Water tributary to _____

3. Describe the purpose for which the water has been used and the time during the year when you have used the right claimed:

(cfs or af)	(Irrigation, Domestic, Stock, Etc.)	(Both dates inclusive) (MM/DD)	(MM/DD)
Quantity <u>2.97</u>	Use <u>Municipal</u>	Period of Use From <u>01/01</u>	to <u>12/31</u>
Quantity _____	Use _____	Period of Use From _____	to _____
Quantity _____	Use _____	Period of Use From _____	to _____
Quantity _____	Use _____	Period of Use From _____	to _____

4. 2.97 TOTAL QUANTITY USED.
(cfs or af)

5. A) Location of point of diversion is NE ¼ of SE ¼ of NW ¼, Govt. Lot _____
Sec. 3 Township 13S Range 44E B.M., Beur Lake County; additional points of diversion, if any: _____

B) Describe means of diversion of water: (Pump and pipeline, well, diversion dam, reservoir, length of ditch etc.). Give sizes and capacities. Be specific. Describe any changes in the system and give the date of the change.

AMENDED

6. A) Describe the place of use within each 40-acre tract in the appropriate box using the symbols listed below. If the use is for irrigation, describe the location by listing the number of irrigated acres within each 40-acre tract.
D - domestic, S - stockwater, M - municipal, C - Commercial, I - Industrial, X - other

MONTPELIER, BEAR LAKE COUNTY, IDAHO, JULY 22, 1943

Contract Let For Construction Of Bear Lake County Airport

Contractors Opening Offices In Montpelier And Initial Work Started

Initial work on the Bear Lake County Airport began on a small scale this week, and by August 1 is expected to reach full proportions with an estimated payroll of 300. The contract, amounting to \$472,270.50, was awarded to the Morrison-Knudsen Construction company of Boise July 17, by teletype received in Salt Lake City from Washington, D. C.

The contractors are opening offices in Montpelier. Paul Van Sickle, company engineer, will be here for two weeks arranging preliminary details relative to the project. Julius Olsen will be general superintendent and Mr. Paulmier, project engineer.

George L. Snow, area engineer of the U. S. Engineering department of Salt Lake City, supervisor of the C. A. A. project, has opened offices in Paris. His crew of 12 men is composed of surveyors and inspectors. Mr. Snow recently finished his duties at the Propp airport and has been on several other airport projects in this area.

The contract calls for construction of three runways 500 feet wide and 5,730 feet in length. Two of these; north-south and northwest-southeast will have a center surfacing 150 feet wide of plant mix pavement. The third runway, northeast-southwest, will have a similarly constructed center surfacing 30 feet wide. Other construction includes a concrete loading apron and anchorage at the northeast corner near the site of proposed administration buildings.

Lights for outlining runways and a steel tower, 80 feet in height for beacon code lights, will also be installed.

The overall expense of the airport as now setup will probably exceed \$825,000. Fifty thousand of this has already been spent in draining, fencing,

and extension of roadway around the entire plot of 1200 acres, under a contract awarded to the Spencer B. Lane company of San Francisco. In addition to this sum and that represented in the contract of Morrison-Knudsen, there will be expenses incident to lighting and contact lights, seeding and other work.

The Morrison-Knudsen contract calls for completion October 25, a period of 100 days from the time it was let.

Land for the site, located in the almost flat bottom lands of an old lake bed between Montpelier and Paris, was purchased by the county at a cost of about \$35,000. The three runways, with the north-south paralleling the outlet canal of the Utah Power and Light company, forms an equilateral triangle with the northeast corner about four miles from Montpelier.

The emergency field recently recommended for immediate construction by the Army Air Force, and which will eventually be turned over to the county for management, will be used by the military as well as airline and smaller planes. The strategic geographical location of the field, on the east-west airway as well as the north-south way between Salt Lake City and Butte, gives it importance at present not only as an emergency field, but augurs rapid development as a key distribution point for peace-time air traffic in this area.

An A. F. of L. union office, branch of the Pocatello Building and Trades Council, with W. C. Wright in charge, is located in the Ray building, just west of the Morrison-Knudsen office in the Stevens building. Men working on the airport will be handled by the union office.

J. F. Camplin is manager of the offices located in the center room of the Stevens building.

Organize Boy Scout Troop

The Organization and Extension committee, Mutual, and Tendency council Scout executives met with Bishop Alvin Tueller, Fred Sommers and C. E. Grimes of the Second ward to begin organization of a Boy Scout troop. Bishop Tueller expressed his desire that the ward would be very happy to get the troop operating. Prospective scoutmasters names were collected from the ward representatives at the meeting and the Boy Fact Survey, which was conducted this spring in the schools by Ed Williams, chairman of the Montpelier district.

Sherman Nielsen, recently appointed Organization and Extension chairman, represented the Montpelier district. Hugh Call, stake activity leader, represented the Mutual. Mr. Nielsen is contacting sponsoring institutions that have previously had Scout troops and urging them to reorganize immediately.

It is the objective of the district committee to reorganize fifty per cent of the now lapsed troops. Delbert Hanks, field executive, said that if the present interest continued, they would go over the mark before October 1.

New Well To Be Connected Monday - Tuesday

The Wedel well will be connected with the mains next Monday and Tuesday, according to James A. Whinham, superintendent of water works. Tests this week have proven highly satisfactory as to amount of water in the well, and its purity, Mr. Whinham said.

The pump, which has been set for 850 gallons per minute with a pressure of 80 to 90 pounds, actually pumped 1,333 gallons a minute for several hours without lowering the water level. The normal level is 47 feet below the surface, while the pump on it goes down 28 feet, or a total of 75 feet. At no time has this level gone lower, which according to Mr. Whinham, indicates a great supply of water.

The well, 15 inches in diameter, is 280 feet deep and pump bowls extend down 125 feet. The lower part of the casing, 55 feet, is 12 inches in diameter and perforated to al-

Governor Congratulates Parents on Son's Award

Mr. and Mrs. J. W. Lyon of Sharon are in receipt of the following letter from Governor C. A. Bottolfsen:

Dear Mr. and Mrs. Lyon: Please permit me to congratulate you, on behalf of the people of Idaho, on the extraordinary valor and bravery of your son, Dan Lyon, which earned him the Silver Star medal in an engagement with Japanese in the South Pacific.

America need have no fear for her future as long as she has brave men like your son to protect her. Idahoans are indeed proud of him.

Very Sincerely yours,
C. A. Bottolfsen
Governor

Stores Will Be Closed Saturday

Montpelier stores will remain closed on Saturday, July 24. Both the bank and post office will be opened.

This makes the second double holiday for July. The 1943 closing calendar, recently issued by John Lewis, secretary of the chamber of commerce, shows the following holidays for the remainder of the year; three of these make double holidays.

Monday, September 6, Labor day; Thursday, November 11, Armistice day; Thursday, November 25, Thanksgiving; Saturday, December 25, Christmas; and Saturday, January 1, New Years.

NURSING CLASS COMPLETES COURSE

The Montpelier chapter of the American Red Cross announced this week that a very successful home nursing class has just completed the prescribed course. The class was under the instruction of Mrs. Josephine D. Moore. Fifteen women participated and graduated.

Those who have not yet received their cards may call at the Burgoyne Pharmacy for them. The class consisted of Mrs. Vera Allemen, Mrs. Evva Beagles, Mrs. Edna Barkdull, Mrs. La Priel Irving, Mrs. Ruby Knutti, Mrs. Frankie Kroger, Mrs. Edythe Kunz, Mrs. Hilda Kunz, Mrs. Linnie Mae Merritt, Mrs. Lois Holsley, Mrs. Mildred Schoper, Mrs. Marie Koraeberg, Mrs. June Shepherd,

Pioneer Paris Resident Dies

Walter P. Rich, 74, pioneer Bear Lake resident, died at his home in Paris Sunday of an incident to old age. Mr. Rich, the son of Apostle Charles C. Rich and Sarah Peck Rich was born in Paris January 1, 1869. Until recently he was engaged in farming and stock raising and was well known throughout this section. He was a member of the L. D. church and served a two-year mission in Pennsylvania.

Surviving are his widow, Mr. Kate Price Rich; three daughters, Mrs. Byron Christensen, Driggs, Mrs. Ben Stewart, an Wanda Rich of Los Angeles two sons, Hugh Rich of Cokeville and Lorenzo Rich of Cam Roberts, California; one sister Mrs. Drucille Strecker of Salt Lake City, and five brothers Dr. Ezra Rich and Dr. Edgar Rich, both of Ogden; Joel Rich of Los Angeles; Morgan Rich of Paris, and Alvin Rich of Alberta, Canada, and two grandchildren.

Funeral services were held today (Thursday) in Paris. The F. M. Williams Mortuary was in charge of arrangements.

Four Men Fail To Pass Examination

Of the seventeen men who took physical examinations at Pocatello Tuesday for induction into the service four, Lorenz Thorneck, Paul Thorneck both of Bloomington, Logan D. Had dock and Lowell Humphrey both of Paris, failed to pass.

Those who passed were, Elmer R. Bee, Georgetown; Russell Porter, Paris; Bruce B. Clark Georgetown; Allen H. Thorneck Bloomington; Russell W. Walentine, Paris; Dewain E. Nowland, Dingle; Russell A. Jowett Nounan; Clifford S. Pendrey Montpelier; Robert M. Moldenhauer, Montpelier; Lloyd J. Swa, Montpelier; Russell A. Stevens, Montpelier; Robert N. Grimes, Montpelier; Lyndon G. Grandy, Paris.

Next month's quota of 27 will take examinations August 19.
