Re: Change in Water Right Ownership: 2-2418 (Split into **2-2418** and 2-10545)

Dear Water Right Holder(s):

We have received and processed a Change of Ownership for a portion of your original Water Right as referenced above. This change of ownership resulted in a split of your original water right.

When a portion of the original water right has been conveyed to another and the original right has been split, a new water right number is issued to the new owner representing their portion of the original water right. Each water right contains only the portion of the original right for each separate owner. The original water right number reflects your remaining portion of the water right, after the change of ownership. Enclosed is a copy of this water right for your records. Please refer to your water right number when corresponding with our office.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing an ownership change notice, the department does not review the history of water use to determine if the right has been forfeited through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Sections 42-222 and 42-223, Idaho Code.

If you have any questions concerning this ownership change, or the enclosed information, please contact me at 208-287-4942.

Sincerely,

A handwritten signature in black ink that reads "Jean Hersley".

Re: Change in Water Right Ownership: 2-2418 (Split into 2-2418 and **2-10545**)

Dear Water Right Holder(s):

The Department acknowledges the receipt of correspondence changing ownership of the above referenced water right(s) to you. The Department has modified its records based on the information received to reflect the change in ownership and has enclosed a computer-generated report for your records.

Your portion of these water rights has a specified point of diversion, nature of use and place of use. If you plan on changing the nature of use, place of use, or point of diversion under this right, including adding a new point of diversion, then an Application for Transfer on your portion of this right is required. Please contact this office for further information on the Application for Transfer form or you can find the forms at www.idwr.idaho.gov. If you do not plan on changing any items on your water right, then no further action is required at this time.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing an ownership change notice, the department does not review the history of water use to determine if the right has been forfeited through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Sections 42-222 and 42-223, Idaho Code.

Also note that as of July 1, 1996, water right owners are required to report any change of water right ownership and any change of mailing address of the owner of a water right, to the Department. Notice of the change must be provided to the Department within **120 days** of the change.

Please feel free to contact me at 208-287-4942 if you have any questions concerning the enclosed information or this letter.

Sincerely,

RE: Notice of Change in Water Right Ownership No(s). 2-2418

Dear Property Owner(s):

The Department of Water Resources acknowledges receipt of the request for a Notice of Change in Water Right Ownership water right 2-2418. After reviewing your request, the Department will need additional information before processing your request.

The Department needs to know which 27 acres will be split off and put in the name of Jack Post. The original water right will need to be reduced to reflect the sale of those acres. I have enclosed a water right report for your benefit. Also, since it doesn't appear that any land was included in the sale of the water right, a transfer will need to be filed to move the place of use for the new water right.

Please provide the requested information by emailing it to jean.hersley@idwr.idaho.gov, fax to (208) 287-6700 or sending the information to the address listed on this letterhead.

The Department cannot process the ownership change without proper information. We will hold any action on your notice pending receipt of the necessary information. If we do not receive the necessary information within 30 days the Department return the Notice of Change in Water Right Ownership and documents unprocessed.

Please feel free to contact me at (208) 287-4942 if you have any questions regarding this matter.

Sincerely,

A handwritten signature in cursive script that reads "Jean Hersley".
