CONDITIONS OF APPROVAL

1. Stockwater and domestic uses are associated with a dairy facility.
2. The quantity of water under this right shall not exceed 13,000 gallons per day.
3. The quantity of water decreed for this water right is not a determination of historical beneficial use.
4. Use of water under this right may be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 130.

Transfer No. 81881

WATER RIGHT NO. 36-15271
As Modified by Transfer No. 81881

CONDITIONS OF APPROVAL

5. A lockable device subject to the approval of the Department shall be maintained on the diverting works in a manner that will provide the watermaster suitable control of the diversion.
6. Prior to the diversion and use of water under Transfer approval 81881, the right holder shall install and maintain acceptable measuring devices at the authorized points of diversion in accordance with Department specifications, or shall obtain an approved variance from the Department to determine the amount of water diverted from power records or to maintain an existing measuring device.
7. Upon specific notification of the Department, the right holder shall install and maintain data loggers to record water usage information at the authorized points of diversion in accordance with Department specifications.
8. Prior to the diversion and use of water under this approval, the right holder shall comply with applicable county zoning and use ordinances.
9. Prior to the diversion and use of water under this approval, the right holder shall comply with applicable water quality monitoring and/or permitting requirements administered by the Department of Environmental Quality or the Department of Agriculture.
10. The right holder shall accomplish the change authorized by this transfer within one year of the date of this approval.
11. Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.
12. Pursuant to Section 42-1412(6), Idaho Code, this water right is subject to such general provisions necessary for the definition of the rights or for the efficient administration of water rights as determined by the Snake River Basin Adjudication court in the final unified decree entered 08/26/2014.
