LAPSE NOTICE

RE: PERMIT NOS. 25-14199 & 25-14236

IMPORTANT: These permits have lapsed because no written response was received from you by the IDWR. Development and/or use must cease.

Dear Permit Holder(s):

You are hereby notified that under the provisions of Section 42-218A, Idaho Code, the above referenced permits have lapsed and are of no further force nor effect. The department provided the proper forms to you in the proof due notice dated August 31, 2017. No further construction or additional development is authorized under these permits.

If water was put to beneficial use prior to the date proof of beneficial use was due, you may file the Statements of Completion (proofs) now, or if you or a previous owner of these permits have not received a prior extension of time, you may file Requests for Extension of Time (extension requests) if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. You may also request an extension of time if you have been delayed by a government agency, or by litigation that brings title to the water in question.

Either acceptable proofs or acceptable extension requests must be received by this Department within sixty (60) days of the mailing of this lapse notice in order to reinstate these permits.

Please contact Darla Block at 208-287-4945, if you need additional assistance.

Sincerely,

Jeff Peppersack, Chief
Water Allocation Bureau
