EXPLANATORY INFORMATION TO ACCOMPANY A PRELIMINARY ORDER

(To be used in connection with actions when a hearing was **not** held)

(Required by Rule of Procedure 730.02)

The accompanying order or approved document is a "**Preliminary Order**" issued by the department pursuant to section 67-5243, Idaho Code. **It can and will become a final order without further action of the Department of Water Resources ("department") unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below:**

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. **Note: the petition must be received by the department within this fourteen (14) day period.** The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after: (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the Department or the Water Resource Board is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the Department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its service date if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) The petition for reconsideration is disposed of; or
- (b) The petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

MEMORANDUM

From: Jim Bitzenburg

Re: Evaluation of Sufficiency of Information Submitted

Application for transfer proposes to change the nature of use, place of use (POU), points of diversion (POD), and period of use for a 0.36 cfs, 21.0 acre portion of irrigation water right 43-13157 which currently irrigates 53.0 acres within a 4326.1 acre permissible place of use located approximately 12.8 to 15.2 miles east and 0.2 to 6.7 miles south of the intersection of Interstate Highways 84 and 86 east of Burley. The application proposes to change the nature of use and POU of this right from irrigation during the irrigation season to year-round stockwater/commercial use at a CAFO located approximately 13.4 to 14.3 miles east and 2.5 to 3.3 miles south of the Interstate 84 and 86 intersection. The transfer proposes changing the POD for the converted portion from the currently authorized irrigation wells to two existing wells associated with the CAFO facility, in addition to adding a new well. The transfer also proposes to remove three of five existing points of diversion from the two rights currently appurtenant to the CAFO, and add the new well. The three rights will allow for the total diversion of 0.63 cfs from three authorized PODs for the CAFO facility.

The CAFO facility is located within the Raft River Critical Ground Water Area, so the transfer was advertised. Since the facility is within Water District 143, comments were solicited from the WD-143 Watermaster. The existing rights at the CAFO are 43-13070 (0.12 cfs, stockwater and commercial) and 43-13072 (0.15 cfs, stockwater and commercial).

In the spreadsheet detailing water consumption by the dairy, the amount of extra water needed by the dairy is 68.45 AF. In converting from irrigation to stockwater and commercial use, a consumptive use value is used instead of the full 4.0 AF/acre allowed by the area's standard field headgate requirement. In this case it is derived from the Malta NWS station for alfalfa, frequently cut, and that value is 3.26 feet. GW Finance provided Farm Service Agency documents verifying the production of hay on the acres to be dried up. Dividing the acre-feet needed on the dairy end of the transfer by the consumptive use value (68.5/3.26) indicates the transfer will dry up 21.0 acres of right 43-13157, which will reduce the volume of that right by 84.0 AF (21.0 acres x 4.0 AF/acre field headgate requirement). So, in order to receive the necessary 68.5 AF on the dairy, the transfer is required to reduce the irrigation right by 84.0 AF.

The associated irrigation rights included in the transfer are: 43-13349, 43-13350, 43-2354B, 43-2417F, 43-2418F, 43-4060F, 43-4061F, 43-4062F, 43-4063F, 43-4064F, 43-13064, 43-10087, 43-13063, 43-13071, 43-13073, 43-13149, 43-13151, 43-13159, 43-13161, 43-13635, 43-13639, 43-13411, 43-13413, 43-13153, 43-2084, 43-2180, 43-2264, 43-13700, 43-13701, 43-13702, 43-13703, and 43-13704.

- **Authority to File:**

The existing dairy rights involved were in the name of Webb Brothers Land and Livestock, LLC pre-transfer. Deeds have been supplied with the transfer which will transfer ownership of the existing rights and split portion of right 43-13157 to GW Finance. The application was signed by Mark Webb, a member of GW Finance, LLC. The annual report form from the Idaho Secretary of State showing this is included with the application. The portion of 43-13157 split off to the dairy was transferred from Webb Brothers Land and Livestock, LLC to GW Finance, LLC via quitclaim deed.

- **Water Right Validity:**

Rights 43-13157, 43-13070, and 43-13072 were all decreed in the SRBA in 2002 and 2003. Large numbers of cattle are visible in recent aerial imagery in the CAFO. The POU from which the 21.0 acres of 43-13157 to be dried up are appurtenant, appears to be well irrigated in recent aerial imagery. Forfeiture is likely not an issue.

- **Injury to Other Water Rights:**
None anticipated or foreseen. The proposed new well for the dairy is only 682 feet from an existing dairy well at the CAFO facility.
- **Enlargement of Use:**
None anticipated. The 21.0 acres being transferred from 43-13157 will be dried up and not irrigated.
- **Local Public Interest:**
No issues anticipated. The application was advertised with no protests.
- **Beneficial Use/Conservation of Water Resources:**
Proposed use is recognized as a beneficial use of water.
- **Effect on the Economy of the Local Area:**
None Anticipated
- **Effect of the Agricultural Base of the Area:**
None Anticipated

Review of the application finds there is no clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this application.
