Re: Frank Tiegs LLC Transfer #81898

Dear Mr. Miller:

Transfer #81898 was approved October 24, 2017 by the Western IDWR office. A review of the transfer approval documents resulted in finding a few items that need to be corrected by IDWR.

The initial items that needed to be corrected where and an amended transfer approval was signed November 6, 2017.

However, the total number of acres within Section 36 was not updated. There will be a total of 635.0 acres available to be irrigated in 02N 03W Section 36. And the total PPU acres should be 797.0 acres and not 796.0 acres.

Please make the necessary corrections to the transfer.

Sincerely,

Greg Sullivan, M.S., Engineer
