Blake,

Attached is the Sunrain Application for Transfer with the revisions that we discussed. I've also attached the new shapefile. Based on my calculations, we are changing the place of use by 74.2-80.9 acres, based on how you calculate it. Water Right Nos. 22-14138 and 22-14139 had a permissible place of use of 216.7 acres, but were limited to the irrigation of 210 acres. I've removed the extra 6.7 acres, and the four water rights, when combined, will now be limited to the irrigation of 259 acres. Thus, if you count the removal of the extra 6.7 acres, we are changing the place of use by 80.9 acres. If those acres are not counted, we are changing it by 74.2 acres. Either way, this would result in a filing fee of \$580.00. I've attached a spreadsheet as attachment 10 that shows these calculations. Would it be easier for me to send you a new check, or refund \$80.00 from the check I already gave you?

If you need anything else, do not hesitate to contact me. Thanks.

Blake,

After I sent the Sunrain revised application to you, I noticed a slight error on the very last page (attachment 10). I've corrected the error and attached the revised page. Please substitute this page in for the one that I sent.

Thanks.
