DOMESTIC USE: Assessor information per: ArcMap photo, tax lot research confirmed dwelling on site for identified owner. Taxlot lines are off in ArcMap.

No fish screen required. Ground Water right.

It appears the well log attached to Proof is incorrect. The well site address is not a valid address and I believe the QQ is incorrect. Permit is for 0.04 cfs. Amount on proof was 0.03 cfs. Permit holder did not supply any pump information so the license will have 0.04 cfs.

Annual volume reflects indoor use only. Irrigation is taking place from Lake Pend O'reille according to permit holder and an application is "in the process of being applied for". Water right 96-9671 is for in home use only.

Dear Permit Holder:

The Department of Water Resources is in the process of reviewing your permit for licensing. Permit 96-9671 does not include lawn, garden, landscape or other types of irrigation. It appears that your yard is being irrigated. Please provide information on the source of the irrigation within 14 days so the Department can continue processing your license. Thank you.
