Re: Frank Tiegs LLC Transfer #81898

Dear Mr. Miller:

Transfer #81898 was approved October 24, 2017 by the Western IDWR office. A review of the transfer approval documents resulted in finding a few items that need to be corrected by IDWR.

The 34.0 acre amount for the PPU in the NESE Section 36 02N 03W listed in the approval documents is incorrect. The acre amount in this QQ for both the irrigation POU and the PPU needs to be 35.0 acres to account for the 1.4 acres that are currently leased into the Idaho Water Supply Bank.

Additionally, the map provided with the approval documents is also incorrect in the NESE Section 36 02N 03W. The IDWR map shows all 40.0 acres as being included in the PPU. The map description for the PPU in the NESE needs to be 35.0 acres.

Sincerely,

Greg Sullivan, M.S., Engineer
