Re: Mitigation Acres Under 36-7019

Dear Mr. Skinner:

This letter is being submitted to the Idaho Department of Water Resources as notification of the location of mitigation acres under water right 36-7019. There are 18.9 acres of irrigation water that is being set aside by Stargazer Land & Cattle LP.

Under Docket No. CM-MP-2016-001 **FINAL ORDER APPROVING STIPULATED MITIGATION PLAN** the Director of The Department of Water Resources approved a stipulated mitigation plan between the SWC and IGWA. That mitigation plan allows ground water right owners to set aside or reduce pumping from ground water rights in order to achieve the reductions required by individual ground water districts. The reductions are accounted for by the ground water districts as total water volume reductions for Stargazer Land & Cattle LP.

This letter is intended to inform IDWR that these 18.9 acres will be set aside and no longer irrigated and to insure that at some future time that IDWR does not deem these 18.9 acres as forfeited. These acres will remain set aside until Stipulate Mitigation Plan is withdrawn.

Sincerely,

Greg Sullivan, M.S., Engineer
