Comments:

1. csaxton 3/21/2006 POU
SESE of Section 4 is claimed under this right but is recommended under the waste water claim of 67-4273. In order to recommend SESE of Section 4 with live water, then waste water could not be recommended just based on how the system would have to work. If live Little Weiser water made it to SESE S.4, then it is not waste. It is either an enlargement, or a new appropriation of Little Weiser water. Thus, if it is waste water, then we can not say that live Little Weiser water made it to that POU.
2. csaxton 3/21/2006 PPU
Recommended as PPU with 67-458B and 67-4276.
