Comments:

1. mcase 7/22/2004 Quantity
Parent right decreed for .12 cfs. Claimed all .12 cfs. 67-458A claimed .06 cfs. Could not verify flow.
2. csaxton 3/21/2006 PPU
Despite that this is claimed as a split, this claim/recommendation represents the entire original decreed right 67-458. The competing split claim was disallowed.
3. csaxton 3/21/2006 POU
SESE of Section 4 is claimed under this right but is recommended under the waste water claim of 67-4273. In order to recommend SESE of Section 4 with live water, then waste water could not be recommended just based on how the system would have to work. If live Little Weiser water made it to SESE S.4, then it is not waste. It is either an enlargement, or a new appropriation of Little Weiser water. Thus, if it is waste water, then we can not say that live Little Weiser water made it to that POU.
4. Ownership Change 11/7/2017 Split Right

5. djudd 11/7/2017 Split Right
Split into 67-458B & 67-15187 due to change in ownership
