**RE: RENTAL OF WATER FROM THE WATER SUPPLY BANK  
WATER RIGHT NO. 2-10201 for 2016-2018**

Dear Renter:

On May 8, 2017, you accepted and received a copy of a fully executed Water Supply Bank Rental Agreement (Agreement No. 148) in connection with the rental of 1,171.50 acre-feet of water for irrigation of 267.0 acres during 2017. Agreement 148 superseded a prior rental agreement (Agreement No. 77), and resulted in the exclusion/removal of water right no's 02-2176A and 02-2405A from Rental Agreement No. 148, as these rights were no longer necessary to be rented due to recent canal improvements that reduced water seepage loss.

Rental agreement 77 was also supplemented by rental agreement 100, for water right no. 2-10201, and which provided an additional 159.8 acre-feet of water. Review of files associated with rental agreement 148 indicate that this secondary rental agreement (Agreement 100) should have also been cancelled at the same time as the rental agreement 77 was cancelled.

The rental fees associated with water right 2-10201 for 2017 were not received and are no longer applicable, and rental agreement 100 is now considered cancelled.

If you have any questions, please contact this office at (208) 287-4800.

Sincerely,

Mary Condon  
Water Supply Bank Specialist
