Re: Application for Permit No. 75-7374A

Dear Mr. Evans:

I am contacting you about a water right permit that belongs to First Federal Savings and Loan Association. The place of use for the permit includes a portion of your property on Pepper Lane along Twelve Mile Creek, south of Salmon. The permit identifies three points of diversion from Twelve Mile Creek. One of these may be on your property

A water right permit is personal property; a water right belongs to the land. Your property is partially covered by the permit and may also be covered by the water right. I am working toward licensing water right 75-7374 A. Can you please let me know if you have an interest in this right? I have enclosed two maps. The first is a copy of the map submitted with the application for permit. The second map shows your property and the location of your current water right places of use. I've also included the permit report for water right 75-7374A. If you have any interest in this water right please let me know by September 10, 2014.

You can contact me at (208)287-4879.

Sincerely,

Sandra Thiel
Senior Water Rights Agent
