Manuel:

Thank you for letting us know.

Shelley:

Is there any other information you need from PHOA or SPF Engineering? We want to make sure that we have done everything correctly in accordance with State requirements.

We would appreciate having the application resolved as soon as possible.

Regards,

Ray

Thanks for your email. The license review I performed is on Shelley's desk for review. I can't provide you with a definitive date due a substantial amount of items that require his attention, but Shelley is going to review this as soon as he can. As soon as his review is complete I will let you know.

Thanks,

Manuel
