PROOF ACKNOWLEDGEMENT LETTER

RE: Permit No. 65-23684

Dear Permit Holder(s):

The Department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. The next step in the process of developing a water right is for the Department to conduct a field examination to determine and confirm the use being made of the water.

Please be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the Department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any Department office or at the Department's website at www.idwr.idaho.gov.

If you have any questions concerning the field examination, please contact the Western Region Office of the Department located in Boise at (208) 334-2190.

Sincerely,

Darla Block
Technical Records Specialist

MEMORANDUM

TO: Water Right Permit File 65-23684

FROM: Daniel A. Nelson

DATE: October 27, 2017

SUBJECT: Field Examination Required

At the time proof of beneficial use was supplied, there was not adequate aerial photography in the Department's data base or on Google Earth to confirm irrigation. The permit was filed and proof made in 2017, and the latest aerial imagery I could find was 2015. An in-house exam may be possible once 2017 or later aerial imagery is available for this area, but until that imagery is available, a field visit would be needed to properly verify the irrigation use for this permit.
