PROOF ACKNOWLEDGEMENT LETTER

RE: Permit No. 78-12404

Dear Permit Holder(s):

The department acknowledges receipt of the proof of beneficial use form (proof) submitted for the above referenced permit. Condition(s) of this permit may not have been complied with according to the information you have provided on your proof form.

Condition no. 5 of this permit states:

"Prior to diversion of water under this right, the right holder shall install and maintain a measuring device and lockable controlling works of a type acceptable to the Department as part of the diverting works.

You must comply with conditions of the permit without delay and prior to the field examination. I have enclosed a copy of this permit for your information. If you feel the condition(s) is unnecessary you may submit a written request to the department asking the requirement(s) be waived.

A \$100.00 license examination fee was submitted with proof. This permit authorizes a diversion rate of 0.20 cfs (cubic feet per second) requiring a license examination fee of \$50.00. The \$50.00 portion of the submitted fee in excess of the required amount will be returned to you in a separate mailing.

The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water.

Please be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office or at the department's website at www.idwr.idaho.gov .

If you have any questions concerning the field examination, please contact the Western Region Office of the department located in Boise at (208) 334-2190.

Sincerely,
