RE: Notice of Security Interest in a Water Right 35-7678 (Split into 35-7678 & 35-14553) and 35-11588 (No split)

Dear Water Right Holder(s):

The department acknowledges receipt of correspondence adding a security interest to the above referenced water right(s) to you. The department has modified its records to reflect the security interest and has enclosed a computer-generated report for your records.

During our review the department determined that the ownership change for water right 35-11588 would not require a division of the water right. Because the department did not split the water right you are entitled to a \$75.00 refund. The department has initiated the refund and it should arrive from the State Office in a couple of weeks.

Updating the security interest record for a water right does not reconfirm the validity of the right. When processing a security interest notice, the department does not review the history of water use to determine if the right has been deliberately abandoned or forfeited through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Sections 42-222 and 42-223, Idaho Code.

Please feel free to contact this office if you have any questions regarding this matter.

Sincerely,

Jonie Barg

Thank you so much for your time. Let me know if you have any questions.

Have a great day!!!
