Subject: Water Right 96-09500 Request for Info
Attachments: Signed Request for Info.pdf; Closeup Map.pdf; change-in-address.pdf; 96-09500_ProofReport.pdf

Mr. Crowder,

I am performing a beneficial use exam in order to advance your water permit 96-09500 to a water right. There is information I would like to gather from you before continuing the permit review. I am mailing a letter (attached), but wanted to reach out through email to give you a head start on collecting the information. We are requesting additional information about the location of the well, the method of well construction, and for confirmation of your change in address. Please read the letter attached and use the attached documents to meet the requests. We do ask for a response within 30 days.

If you have any questions about what is needed, please feel free to call at my direct line: 208-284-4907. Thank you for your cooperation.

Sincerely,

Chelsey Serrano, EIT

RE: Water Appropriation Permit 96-09500

Request for Information

Dear Permit Holders:

In 2012 IDWR issued permit 96-09500 authorizing the development of a right to divert 0.04 cfs of water from groundwater, within NESW of Section 10, Township 57 North, Range 03 West, B.M., for domestic use.

The final step in the water appropriation process is the issuance of a Water Right License. By issuing a license, IDWR recognizes that water has been put to beneficial use in accordance with the permit. For your convenience, I am enclosing a copy of permit listed above.

In an attempt to expedite the licensing process, IDWR would like for you to provide the following information regarding your permit:

Point of Diversion Information:	Indicate on the map attached the location of the well. If possible, photographs of the well, cistern, and piping. If possible, GPS coordinates of well location – latitude/longitude.	
Well Information:	An explanation of the well construction including method of construction, depth of well, width of well, and indicate where it is located on the property.	
Change in Address	Complete the Change in Address form attached. Please mail to IDWR with an original signature.	

I have included a map of the property for you to mark and show where the house and well are located, if possible include GPS coordinates. In addition, please explain how the well was constructed. This can be supplemented with a photograph, diagram, or drawing. A Change in Address form has been included in this packet, and should be returned with an original signature.

You can request that IDWR personnel go into the field to collect this information accompanied by yourself or your representative. For this to occur, please contact me within 30 days. If you would like your representative to be present, please have the name, telephone number, and email of your representative. Be aware that you and the representative must be available to be contacted for scheduling of the required visit before October 1, 2017.

Please provide the requested information within the next thirty (30) days, October 1, 2017. If I do not receive the requested information or have been contacted by you within thirty (30) days, I will take action to void your permit under the provision of Section 42-219(8) of the Idaho Code.

If you have any questions, please contact me at 208-287-4938. Thank you for your attention to this matter.

Respectfully,

Chelsey Serrano, EIT
