Steve Emul & Paul

I have held up a few days to see for sure if we can get
 beets for the other 2 fields.

The Oklahoma is quite sure there will be more beets available
 in the near future.

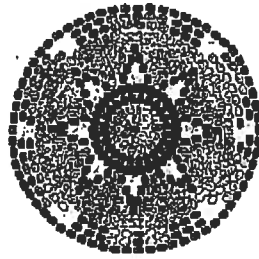

As now as I can get beets signed for these 2 fields
 I will send the rest for them but I felt it better get
 this much sent to you now.

Sincerely
 (Name)

P.S. I feel you should pay me something for this
 valid free water rights I am signing to you. don't you?
