Hello Darla – would you do me a favor please and change the email address that you have for Boise City Parks and Recreation from: bpr@cityofboise.org to mine? Please note that my email address needs by middle initial included or it goes to another employee in the city.

I just bumped across an email you sent on August 4th for 63-33692 that never made it to me. I only noticed it by looking on IDWR website. Thanks so much!
