Kerrie,

Please consider this email a formal request to amend the transfer to the full 7 cfs. Let me know the additional filing fee and I will get it in the mail.

TJ,

I want to verify the information on the application one more time.. You have the rate listed as 3.5 cfs – the new point of diversion will be limited to 3.5 cfs.. Are you sure you don't want the whole water right authorized for the new point of Diversion?

TJ;

In reviewing your point of diversion change request on 31-2443 – it was found that the Map and the application are not the same. Please amend your application or your map.
