RE: Rule 35 Incomplete Application for Permit–Incorrect Township, Range, and Section

Dear Mr. and Mrs. Belding:

Idaho Department of Water Resources (IDWR) received your partially completed Application for Permit on August 9, 2017 for .04 Cubic Feet per Second (CFS) using Priest River for Irrigation purposes. A copy of your incomplete Application is enclosed. Completion of the Application with the correct Place of Use legal description on Page 2, matching the Application map, is required before IDWR can publish accurate legal notices.

Idaho Administrative Code (Rule 35 Water Appropriation Rules IDAPA 37.03.08) requires that the legal description of the Point of Diversion (POD) and Place of Use (POU) be described to include the correct Township, Range and Section on both the Application (line 9) and accompanying map. Your Application does not include the correct POU legal description for the Township, Range, and Section corresponding to the Application map.

Please contact me if you need help to submit the completed Application with the correct information or contact me for an appointment at the IDWR Northern Region office by September 11, 2017. I can describe how to use the enclosed IDWR map to complete the Application if you need help. Please submit a written request if you need additional time to provide the information. IDWR can grant additional time upon a showing of good cause for the delay.

I can be reached at (208) 762-2816.

Respectfully,

Shaun M. Maxey

Mr. and Mrs. Belding:

I have completed initial review of your Application. Copies of Page 1 and Page 2 are attached. You left off the Township, Range, & Section on Page 2 of the Application.

Please print out the two pages of your Application and write in the missing Township, Range, Section on Page 2 of the Application. (This is the same information that you have on Page 1). Please initial and date the changes and send both pages back to me by U.S. mail.

Also please resign and date next to your original signatures at the bottom of the page. Please use a different color pen than you used for the original.

Unfortunately, there is a rule saying that a completed Application has to match the Application Map. We won't be able to proceed with your Application until I get the corrected Application.

Thanks,

Shaun Maxey
