SUBJECT: 2016 Water Conservation Plan for Lands leased from Lakeshore Farms 2
RECORD 829

To Whom It May Concern,

It is the intention of Blaine Larsen Farms to comply, to the best of our ability, with the recommendations of JCGWD pertaining to the 2016 irrigation season. We intend to accomplish this utilizing the following tools:

1. Improved irrigation management methods utilizing
 - a. Moisture Sensing equipment
 - b. Conservative irrigation scheduling
 - c. System efficiency upgrades
2. Acreage reduction – WR# 31-12216, SW and SE Handline corners, approximately 13.5 acres. Pivot ID# 517.
3. Recharge water purchased by JCGWD (on behalf of the constituents).
