1. The water rights referenced above will be rented from the bank at the current rental rate.
2. There is no rental payment to the lessor of the water right if the right or a part thereof is not rented from the bank.
3. While a right is in the bank, the lessor may not use the right without approval of the Department even if the right is not rented from the bank. Any violation of the terms of this lease may result in enforcement procedures pursuant to Idaho Code § 42-351 for illegal diversion and use of water and may include civil penalties pursuant to Idaho Code § 42-1701B.
4. A right accepted into the bank stays in the bank until the Board releases it, or the lease term expires. A right may be released from the bank upon request, provided the Board approves the release. Unless approved by the Department, leased rights may not be immediately available for release.
5. While a water right is in the bank, forfeiture provisions are stayed pursuant to Idaho Code § 42-223(5).

7. Failure of the right holder to comply with the conditions of acceptance is cause for the Director to rescind acceptance of the lease.
8. Acceptance of a right into the bank does not, in itself, confirm the validity of the right or any elements of the water right, or improve the status of the right including the notion of resumption of use. It does not preclude the opportunity for review of the validity of this water right in any other Department application process.

WATER SUPPLY BANK LEASE CONTRACT NO. 667

9. In accordance with Idaho Code § 42-248 and § 42-1409(6), all owners of water rights are required to notify the Department of any changes in mailing address or change in ownership of all or part of a water right. Notice must be provided within 120 days of the change.
10. If a water right leased into the Water Supply Bank is sold or conveyed during the lease term, and if the leased right was rented, the rental proceeds will be disbursed in the following manner regardless of any arrangements between the buyer(s) and seller(s) to the contrary:
 - a. Rental payments will go to the lessor(s) of record at the beginning of the rental season, even if the Department processes a Notice of Change in Water Right Ownership during the rental season.
 - b. New lessor(s) of record will receive payment for any subsequent rental seasons.
11. The water rights are leased to the bank subject to all prior water rights and shall be administered in accordance with Idaho law and applicable rules of the Department of Water Resources.
12. Leased portions of Right Nos. 37-22211 and 37-22243 are limited to the irrigation of a combined total of 1.3 acres in a single irrigation season.
13. Unleased portions of Right Nos. 37-22211 and 37-22243 are limited to the irrigation of a combined total of 4.8 acres in a single irrigation season.
14. The right holder shall make full beneficial use of all surface water rights available to the right holder for irrigation of the lands authorized to be irrigated under this right. The right holder shall limit the diversion of ground water under this right to those times when the surface water supply is not available or the surface water supply is not reasonably sufficient to irrigate the place of use authorized under this right.
15. Use of water under this agreement may be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 37.

WATER RIGHTS 37-22211 and 37-22243**

*****TIME SENSITIVE RESPONSE REQUIRED*****

Dear Applicant,

The Department of Water Resources (Department) mailed **two original Water Supply Bank Lease Contracts for your review and signature** on August 22, 2017. The signed contracts have not been returned to the Department.

Please sign both original Lease Contracts and return them to the Department within ten (10) days of this letter to complete processing. The Lease Contract is not considered final until both you and the Department have signed.

If the signed lease contracts are not received by the Department within the 10-day period, the lease applications will be returned and the application fee will not be refunded. You can reapply to lease the water rights in the future by submitting new application forms along with applicable fees.

Please note the forfeiture period is not tolled unless a right is accepted into the Bank, or unless an exception or defense to forfeiture applies as described under Idaho Code § 42-223. If forfeiture is a concern, you may consider filing an Application for Extension of Time to Avoid Forfeiture of a Water Right form. This and other water right forms are available from the Department's web site at www.idwr.idaho.gov.

If you have questions regarding this matter, please contact this office at 287-4800.

13	Narrative			
	The department received the applications to lease 1.3 acres worth of these rights from Brockway Engineering on behalf of Michael E. Flinn on August 15, 2017. The rights have acre limits and the ground water right (37-22243) has supplemental conditions on it. It can only be used when surface water rights are unavailable or insufficient to irrigate the POU. They have requested to lease them in 2017 and 2018. These rights were decreed in 2011. The lease applications came in just in time to protect any unused portions. The rights fall within the BWGMA.

Re: Amended Water Supply Bank Lease Applications (2); 37-22211 and 37-22243.

Remington,

On behalf of The 7 Dog Trust, Brockway Engineering is submitting two amended water supply bank lease applications which propose to lease a portion of Big Wood River irrigation water right 37-22211 and the same portion of groundwater irrigation right 37-22243 to the Water Supply Bank for the 2017 and 2018 irrigation seasons. These applications are meant to supersede the applications submitted earlier this year which were returned to the applicant. Also included is correspondence between Shelley Keen and myself relative to requirements for re-filing the applications.

Our office submitted a check for \$550 in April for the two original lease applications as well as for a change of ownership form. The change of ownership has been completed by IDWR. The applicant was notified that IDWR would retain the payment for the two lease applications and our office has not been refunded so I'm assuming IDWR still has the original remaining lease application fee of \$500. I am requesting that this fee be applied to the attached applications.
