EXPLANATORY INFORMATION TO ACCOMPANY A PRELIMINARY ORDER

(To be used in connection with actions when a hearing was not held)

(Required by Rule of Procedure 730.02)

The accompanying order or approved document is a "Preliminary Order" issued by the department pursuant to section 67-5243, Idaho Code. It can and will become a final order without further action of the Department of Water Resources ("department") unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below:

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. **Note: the petition must be received by the department within this fourteen (14) day period.** The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after: (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the Department or the Water Resource Board is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the Department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its service date if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) The petition for reconsideration is disposed of; or
- (b) The petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

Sandra Beer Thiel
Idaho Department of Water Resources

Boise, Idaho 83720-0098

Dear Sandra:

The Bureau of Land Management-Challis Field Office (BLM-CFO) is a member of the Upper Salmon Basin Watershed Program Technical Team, and as such collaborates with various partners including the Governor's Office of Species Conservation and the Idaho Department of Fish and Game to implement habitat and flow restoration projects in the upper Salmon River basin.

The BLM-CFO is providing this letter to the Idaho Department of Water Resources as additional information related to water right application 73-12258 and transfer number 81600. This application and transfer represent water right changes that support a multi-part conservation project that entails diverting Doug and Pamela Robins' Pahsimeroi River water rights into a pipeline to deliver water to their existing center pivot infrastructure. The project will provide water savings that will result in water left in the Pahsimeroi River for aquatic species and habitat benefit. The diversion, ditch, fish screen/bypass, and existing Pahsimeroi River 17 (P-17) diversion are located on BLM-administered land.

The BLM-CFO has received and is currently working on processing a Right-of-Way (ROW) application from Idaho Department of Fish and Game (IDI-38416). The BLM-CFO has also received a ROW application from Custer Soil and Water Conservation District (IDI-38333), on behalf of the land and water right owners (Douglas and Pamela Robins). These ROWs request authorization to relocate and reconstruct an existing point of diversion (POD), ditch, and fish screen/bypass as part of diversion upgrades at the P-17 diversion. Additionally, the landowners have requested recognition of their Pre-Federal Land Policy Management Act (FLPMA) ROW for the P-17 ditch from below the proposed fish screen/bypass location to the point where the ditch enters their private lands. Pre-FLPMA ROWs are ROWs that were in existence and in use at the time of the passage of FLPMA in 1976, and once recognized by BLM give the ROW holder authority to use and maintain the ROW for its designed purpose.

The BLM-CFO is currently completing an Environmental Assessment (EA) for issuance of the ROWs related to the relocated diversion, ditch, and fish screen/bypass. Although BLM-CFO cannot assure that the ROWs will be authorized prior to completion of the EA process and issuance of a decision, similar ROWs have been authorized in the recent past. Although it has not yet been annotated in the record, BLM-CFO recognizes that the P-17 ditch, downstream of the proposed fish screen/bypass was in existence and in use prior to 1976. Thus, the Pre-FLPMA ROW for this ditch should be processed in due time by BLM-CFO.

If you have questions, or need further assistance regarding this matter please contact Mike Whitson, P-17 Project Lead, at (208)-756-5495 or by email at mwhitson@blm.gov.

Sincerely,
