

MEMORANDUM

TO: Water Right File 63-32447
FROM: Cody Parker
DATE: July 25, 2017
RE: Ownership Change Processed Prior to Transfer No. 81646

Ownership change (including applicable fee) requested with transfer filing. A separate Notice of Ownership Change form was neither received nor required. Ownership change processed prior to transfer resulting in split right no. 63-34377. The split right with the new number was used for data entry during transfer processing. The changes resulting from the ownership change are as follows:

WR No. **63-32447** IRRIGATION, 33.0 acres, 0.26 cfs, 126.6 afa

To:

63-32447 (BERANNA DAIRY)

IRRIGATION 30.8 acres, 0.24 cfs, 118.2 afa

63-34377 (IAN BYRNES)

IRRIGATION 2.2 acres, 0.02 cfs, 8.4 afa

Transfer no. 81646 affects right no. 63-34377. The transfer applicant was not required to amend the transfer application form.

Prior to this change in ownership, Beranna Dairy submitted an Ownership Change claiming the full extent of right no. 63-32447. The deed shows that they purchased land from Jabenosh LLC, but the purchased land did not include the acreage claimed by Ian Byrnes. Therefore, though Mr. Byrnes is actually claiming his part of the water right from Jabenosh LLC, the acknowledgement letter is being sent to the Beranna Dairy.

RE: Change of Ownership for Water Right No. 63-32447

Original: Water Right No. 63-32447

Split Into: Water Right No. 63-32447 & 63-34377

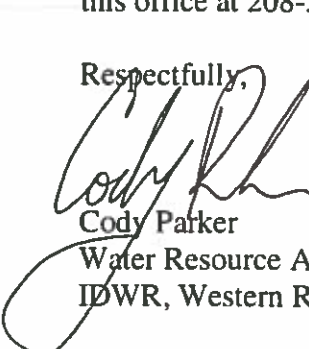

Dear Water Right Holders,

The Department has received and processed a Change of Ownership form for a portion of your original water right as referenced above. This resulted in a split of water right 63-32447. When a portion of the original water right has been conveyed to another and the original right has been split, a new water right number is created to represent the portion obtained by the new owners. For your records, a proof report and map depicting the place of use (POU) and point of diversion (POD) for right No. 63-32447 are enclosed.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing an ownership change notice, the department does not review the history of water use to determine if the right has been forfeited through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Sections 42-222 and 42-223 Idaho Code.

If you have any questions concerning the enclosed information or this letter, please feel free to contact this office at 208-334-2190.

Respectfully,

Cody Parker
