Re: Application for Transfer for Richard and Peggy Larsen

Dear Reviewing Agent,

Please find enclosed an Application for Transfer of Water Right – Point of Diversion for Richard and Peggy Larsen. Also enclosed is a check in the amount of \$580 for filing fees.

This transfer proposes to add a point of diversion to water rights 32-7058A and 32-7092A, owned and operated by the applicants. At one time, the neighboring property to the north was also owned by the applicants. The point of diversion for water rights 32-2096B and 32-7034A, located in the SWSE Section 35 T10N R34E, has been used to provide water for pivot #167 in the NE1/4 of Section 2, T9N R34E (as part of the historical operating practices. As a part of the property sale, it was understood and agreed that Larsen's would continue to use the shared well to deliver a portion of water rights 32-7058A and 32-7092A to the pivot in the NE1/4 of Section 2. The current owners S & S Agrisource Top Farms have provided a letter authorizing IDWR to make this change.

The required water for the transfer is 1.888 cfs, determined as the proportionate share for 132.5 acres of irrigation in the NE1/4 of Section 2.

Please contact me if you have questions regarding this transfer.

Thank you,
