DEPARTMENT OF WATER RESOURCES

Ident. No. 45-17335

APPLICATION FOR PERMIT

To appropriate the public waters of the State of Idaho

IDWR / NORTH

1. Name of applicant(s) Lawrence B. Holder, Diane J. Cook Phone 509-338-0692
 Name connector (check one): ☒ and ☐ or ☐ and/or
 Mailing address 525 NW Aspen Ct City Pullman
 State WA ZIP 99163 Email holderlb@gmail.com, cook@eecs.wsu.edu
2. Name of representative, if any _____ Phone _____
 Mailing address _____ City _____
 State _____ ZIP _____ Email _____
- a. ☐ Send all correspondence for this application to the representative and not to the applicant OR
☐ Send original correspondence to the applicant and copies to the representative.
- b. ☐ The representative may submit information for the applicant but is not authorized to sign for the applicant OR
☐ The representative is authorized to sign for the applicant. Attach a Power of Attorney or other documentation.
3. Source of water supply Coeur d'Alene Lake which is a tributary of Spokane River
4. Location of point(s) of diversion:

ASH 6/15/17
DJR 6/30/17

Twp	Rge	Sec	Govt Lot	1/4	1/4	1/4	County	Source	Local name or tag #
48N	04W	20	X	NW	NE		Kootenai	Coeur d'Alene Lake	Forest Shores, Lt 0960

5. Water will be used for the following purposes:
- Amount 0.02 cfs for Irrigation purposes from 3/15 to 11/15 (both dates inclusive)
 (cfs or acre-feet per year)
- Amount _____ for _____ purposes from _____ to _____ (both dates inclusive)
 (cfs or acre-feet per year)
- Amount _____ for _____ purposes from _____ to _____ (both dates inclusive)
 (cfs or acre-feet per year)
- Amount _____ for _____ purposes from _____ to _____ (both dates inclusive)
 (cfs or acre-feet per year)
6. Total quantity to be appropriated is (a) 0.02 cubic feet per second (cfs) and/or (b) _____ acre-feet per year (af).
7. Proposed diverting works:
- a. Describe type and size of devices used to divert water from the source. 1 HP above ground electric pump with 1 inch PVC pipe into water. End of pipe filtered and on steel stand to keep off bottom.
- b. Height of storage dam _____ feet; active reservoir capacity _____ acre-feet; total reservoir capacity _____ acre-feet. If the reservoir will be filled more than once each year, describe the refill plan in item 12. For dams 10 feet or more in height AND having a storage capacity of 50 acre-feet or more, submit a separate Application for Construction or Enlargement of a New or Existing Dam. Application required? ☐ Yes ☐ No
- c. Proposed well diameter is _____ inches; proposed depth of well is _____ feet.
- d. Is ground water with a temperature of greater than 85°F being sought? ☐ Yes ☐ No
- e. If well is already drilled, when? _____; drilling firm _____;
 well was drilled for (well owner) _____; Drilling Permit No. _____

For Department Use

Received by _____ Date _____ Time _____ Preliminary check by _____
 Fee \$ 1075.00 Receipted by NS Receipt No. 11032690 Date 6-7-17

8. Description of proposed uses (if irrigation only, go to item 9):

- Hydropower; show total feet of head and proposed capacity in kW. _____
- Stockwatering; list number and kind of livestock. _____
- Municipal; must complete and attach the [Municipal Water Right Application Checklist](#).
- Domestic; show number of households _____
- Other; describe fully. _____

9. Description of place of use:

- If water is for irrigation, indicate acreage in each subdivision in the tabulation below.
- If water is used for other purposes, place a symbol of the use (example: D for Domestic) in the corresponding place of use below. See instructions for standard symbols.

TWP	RGE	SEC	NE				NW				SW				SE				TOTALS
			NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE	
48N	04W	20		0.1			~~DX~~											0.1	

Total number of acres to be irrigated: 0.1

10. Describe any other water rights used for the same purposes as described above. Include water delivered by a municipality, canal company, or irrigation district. If this application is for domestic purposes, do you intend to use this water, water from another source, or both, to irrigate your lawn, garden, and/or landscaping? No other sources will be used for this purpose.

JBH 6/15/17
DJC 6/30/17 See attached letter for explanation of water rights 95-8718 and 95-16807 (neither are used for this purpose).

- Who owns the property at the point of diversion? Lawrence B. Holder and Diane J. Cook
- Who owns the land to be irrigated or place of use? Lawrence B. Holder and Diane J. Cook
- If the property is owned by a person other than the applicant, describe the arrangement enabling the applicant to make this filing: _____

12. Describe your proposal in narrative form, and provide additional explanation for any of the items above. Attach additional pages if necessary. This water will be used to irrigate our residential lawn. The water will be pumped from the lake using an above-ground electric pump, controlled by a timer. The lawn sprinklers will be in two zones of approximately 8 spray sprinkler heads per zone. Each zone will run for approximately 20 minutes per day during the non-winter months.

13. Time required for completion of works and application of water to proposed beneficial use is 1 years (minimum 1 year).

14. **MAP OF PROPOSED PROJECT REQUIRED** - Attach an 8½" x 11" map or maps clearly identifying the proposed point of diversion, place of use, section #, township & range. The map scale shall not be less than two (2) inches equal to one (1) mile.

The information contained in this application is true to the best of my knowledge. I understand that any willful misrepresentations made in this application may result in rejection of the application or cancellation of an approval.

Application For Permit No. 95-17335

Dear Applicant(s):

The Department of Water Resources has received your water right application. Please refer to the number referenced above in all future correspondence regarding this application.

A legal notice of the application has been prepared and is scheduled for publication in the COEUR D ALENE PRESS on 8/3/2017 and 8/10/2017. Protests to this application may be submitted for a period ending ten (10) days after the second publication.

If the application is protested, you will be sent a copy of each protest. All protests must be resolved before the application can be considered for approval. If the protest(s) cannot be resolved voluntarily, the Department will conduct a conference and/or hearing on the matter.

If the application is not protested, the Department will process your application and notify you of any action taken on the application. If your application is approved, the Department will send you a copy of the permit.

Please contact the Northern Region office at (208) 762-2800 if you have any questions regarding the application.

Sincerely,

Jean Hersley
Technical Records Specialist

Dear LEGAL NOTICE DEPARTMENT:

Enclosed you will find a legal notice which we wish to have published in your newspaper on the dates indicated (once a week for two consecutive weekly issues). If you cannot publish the notice on the proposed dates, please contact me at the number below immediately.

An affidavit of publication must be submitted to the Department along with the publication bill. Please send the affidavit and bill to the Northern Region Office, 7600 N Mineral Dr, Ste 100, Coeur D Alene, ID, 83815 before August 21, 2017. Your cooperation is appreciated.

Sincerely

RECEIVED

JUL - 3 2017

IDWR/NORTHERN

To: Shaun M. Maxey
Idaho Dept. of Water Resources, Northern Region
7600 N. Mineral Drive, Suite 100
Coeur d'Alene, ID 83815-7763

Re: Corrections to Application for Permit (Kootenai parcel 48N04W200960)

Mr. Maxey,

Thank you for your letter detailing the corrections needed to our application. We have made the following changes to the application (enclosed), which are initialed and dated.

- Corrected Tributary (Line 3)
- Corrected legal descriptions on Page 1 and 2 of Application (Lines 4 and 9)
- Labeled IDWR map matching legal descriptions on Lines 4 and 9

The remaining correction was to explain the use (if any) of Water Rights 95-8718 and 95-16807 in Line 10. We included a brief statement in Line 10 that these water rights will not be used for the irrigation purpose of our application. Line 10 refers to this letter for details (due to lack of room), which we provide below.

- Existing water right 95-8718 is for domestic water to subdivision homes. It can be used for irrigation, but this is discouraged, which is why we are proposing to take our irrigation water from the lake.
- Existing water right 95-16807 is for fire protection, and is implemented using standpipes placed every two homes supplied by lake water. It is only to be used for fighting fires.

Finally, you asked if we had an encroachment permit from the Coeur d'Alene Tribe for a water line into the lake. We do not yet have this permit. We applied for one on June 30, 2017; a copy of the application is attached. We also applied for an encroachment with the U.S. Army Corps of Engineers and the Idaho Department of Lands. I have included a copy of that application as well. We will inform you when a decision has been made on these permits. Hopefully the permit process at your office can still continue in the meantime.

Sincerely,

Enclosures:

- Corrected IDWR application
- Idaho Dept. of Lands application
- Coeur d'Alene Tribe application

Re: Application for Permit (Kootenai parcel 48N04W200960) (Rule 35 Application Requirements))

Dear Applicants:

Idaho Department of Water Resources (IDWR) received an Application for Permit from you on June 7, 2017 to divert water from the Lake Coeur d'Alene for a Kootenai County tax parcel. The Application is unacceptable for filing because it contains contradictory legal descriptions that prevent IDWR from publishing legal notices. Your Application and an IDWR map are enclosed.

Please review the IDWR map and phone me at (208) 762.2816 for assistance to correct your Application and complete the following steps:

- Correct Tributary (Line 3)
- Correct legal descriptions on Page 1 and 2 of Application (line 4 and Line 9)
- Attach & label IDWR map matching legal descriptions on Line 4 & Line 9
- Explain use (if any) of Rights 95-16807 & 95-8718 for your property (Line 10)

It is unclear from your Application if your property has an Encroachment Permit from the Coeur d'Alene Tribe for a water line into the Lake.

Please telephone me about your Application. Your **corrections must be received no later than July 14, 2017**. IDWR will take steps to terminate your Application, if no response is received, and the Application fee will be refunded pursuant to Idaho Code § 42-204.

Respectfully,

Shaun M. Maxey
Sr. Water Resource Agent

**SINGLE AND TWO-FAMILY LOT
ENCROACHMENT PERMIT APPLICATION**

This information sheet and checklist must be completed when submitting an encroachment permit application. Incomplete applications will be returned without processing.

Encroachment Type:

(Check all that apply)

- | | |
|---|---|
| ☐ - Single family dock (58-1305) | ☐ - Riprap (58-1306) |
| ☐ - Two-family dock (58-1305) | ☒ - Waterline (58-1306) |
| ☐ - Mooring buoy (58-1305) | ☐ - Other – describe: _____ |

Applicant's Littoral Rights Are:

☐ - Signature of littoral rights owner is obtained if applicant is not the owner of the riparian/littoral rights

- ☒ - Owned, fee simple title holder
☐ - Leased
☐ - Other – describe: _____

Provide a Black/White Copy of Each Required Document on 8½"x14" or Smaller Paper:

- ☒ - County plat map showing both neighboring littoral lots.
☒ - Tax record identifying the owner of the upland parcel(s)
☒ - Lakebed profile with encroachment and water levels of winter and summer
☒ - General vicinity map that allows Department to find the encroachment
☒ - Scaled air photo or map showing lengths of nearby encroachments, distances to adjacent encroachments, and location and orientation of the proposed encroachment

Are Existing Docks or Other Encroachment(s) Permitted On This Parcel(s)?

- ☐ - No
☒ - Yes

Please attach a current photograph and a "to scale" drawing (see Document Requirements Above)

Permit # L-95-S-4693A Date of Construction: 2002

What will happen to the existing dock or encroachment if this permit application is approved?

- ☒ - Remain unchanged
☐ - Complete removal
☐ - Modification
☐ - Other: _____

(Please note that old dock materials must be removed from the lake. Discarding these materials creates serious boating safety issues and offenders will be subject to prosecution and penalties.)

Does the Property Have 25 Feet of Lake Frontage for a Single-Family Dock or 50 Feet for a Two-Family Dock?

- ☒ - Yes Total front footage: 95 feet
☐ - No

How Many Feet Does the Proposed Encroachment Extend Beyond the Ordinary (or Artificial) High Water Mark? n/a feet

The Proposed Dock Length Is: n/a

- ☐ The same or shorter than the two adjacent docks
☐ Longer than the two adjacent docks
☐ Longer than the two adjacent docks, but within the line of navigability established by the majority of existing docks in the area.
☐ _____ feet and not located near any other docks or other encroachments.

What is the water depth at the end of the proposed dock? n/a

Summer level _____ feet

Winter level _____ feet

Does the Proposed Dock Exceed the Maximum Square Footage of 700 ft² for Single-Family Docks or 1,100 ft² for Two-Family Docks? n/a ☐ - No Total square footage:

☐ - Yes _____ ft²

Will the Proposed Encroachment Exceed the Maximum Width of 10 Feet?

☒ - No

☐ - Yes

If yes, explain why: _____

Will the Proposed Encroachment Be Located Closer Than 10 Feet to the Riparian/Littoral Right Lines Established With Your Neighbors?

☒ - No

☐ - Yes

If yes, what are the proposed distances? _____ feet

☐ - Consent of affected neighbor was obtained

Determining Riparian/Littoral Right Lines

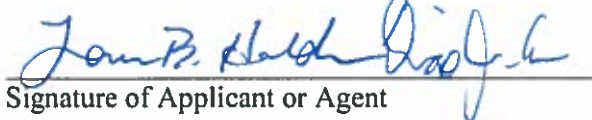

Littoral right lines are not simple extensions of the upland property lines. Littoral right lines are generally perpendicular, or at right angles, to the shoreline. Curved shorelines or unusual circumstances may require Department Staff, or other professionals, to closely examine littoral right lines and assess the potential for infringement on adjacent littoral property owners.

Tribal encroachment permits are required by Coeur d'Alene Tribal Law and Order Code, Chapter 44. Correct fees must accompany encroachment permit applications.

Return application and applicable fees to: Coeur d'Alene Tribe, Recreation Management Program,
PO Box 408, Plummer, ID 83851

Please fill out application in its entirety. To help expedite the application process, applicant is encouraged to provide photos of encroachments and a copy of all permits for any existing project.

Incomplete applications will be returned.

This application process does not waive the necessity of applying for any federal, state, or local permits required by law.

TYPE OF WORK REQUESTING PERMIT FOR:

- ☒ New ☐ Modification/Upgrade of Existing, Encroachment # _____ (located on Annual Lease or end of dock) ☐ Unregistered Dock
☐ Individual Dock ☐ Comm./Co-Op Dock ☐ Commercial Marina ☐ Shoreline Erosion Control ☒ Water Withdrawal

PLEASE TYPE OR PRINT

1. Legal Owner/Applicant Lawrence B. Holder, Diane J. Cook

Mailing Address 525 NW Aspen Ct
Pullman, WA 99163

Other Information _____

2. Location where proposed activity exists or will occur:

Waterway Coeur d'Alene Lake

City or County Coeur d'Alene

Distance/Direction to Nearby City/Town 15 miles north of Worley, ID

Directions to the Site Take I-95 north from Worley, ID; turn right on Vogel Rd., which becomes S. Watson Rd.

Address is 20764 S. Watson Rd., Coeur d'Alene, ID 83814.

Is Encroachment Affixed to Waterfront Property Owned by Applicant?

Yes X No _____ If no, explain in space at Item #15

What is the width of your property at the shoreline? 95 feet

STOP – your application must include your waterfront property parcel number: 48N04W200960

If you do not know your parcel number, please call: 208-769-4459 for property in Kootenai County or 208-245-2821 for Benewah County.

3. Do you have an expired State of Idaho encroachment permit? No If so, a copy must be included.

4. Describe encroachment: (see "Categories" on Fee Schedule) Water withdrawal

Water will be used for irrigation of residential landscaping for one home during the non-winter months (Mar 15 - Nov 15).

Sprinkler system will run approx. 20 minutes per day and use approx. 0.02 cubic feet per sec of water.

5. Construction materials: A 1HP above-ground electric pump will be used to withdrawal water through a 1 inch PVC pipe extending approx. 60 ft into the water along the lakebed. The end of the pipe will be filtered and supported 1 ft above the lakebed by a steel stand.

6. Length of encroachment into lake or river: 60 feet

7. If project involves bank stabilization or dredge and fill material – CONTACT OUR OFFICE: 208-686-1118.

8. Names, addresses, and telephone numbers of adjoining property owners, their agents, or lessees:

Doug and Lisa Shoop	8715 W. 1st Pl., Kennewick, WA 99336	509-521-3872
Jerry and Linda Boyd	4133 S. Stone St., Spokane, WA 99223	509-448-9440

9. Distance between your encroachment and each neighbor's adjacent encroachment: 115 ft to Shoop's No encroachment on Boyd's

10. Date work proposed would be initiated: 8/1/2017 Completion date: 8/8/2017

Contractor or person doing work if other than the Owner/Applicant: Owner/Applicant to perform work.

11. Contractor Name _____ Tribal Business License# _____
Mailing Address _____ Phone: Work () _____
City, State, Zip Code _____ Fax () _____

12. List applications, approvals, or certifications from other Federal, State, Interstate or local agencies for work described in this application:

Issuing Agency	Type of Approval	Identification No.	Date of Application	Date of Approval
Idaho Dept. of Lands	Encroachment Permit	pending	6/30/2017	pending
Idaho Dept. of Water Resources	Permit for water diversion	pending	6/7/2017	pending

13. All watercraft Registration Number(s) stored at encroachment, include issuing State and County _____
Boat: ID5906AK, Kootenai County, Idaho

14. Has any entity or individual expressed opposition to the above-described encroachment? If "Yes" explain No

15. Applicant is encouraged to include any additional information useful in project evaluation, i.e., specifications for design or engineering.

See attached vicinity map, drawings, and scaled aerial photo.

See attached encroachment permit for existing dock (shown on aerial photo).

Application is hereby made for a permit or permits to authorize the activities described herein. I certify that I am familiar with the information contained in this application, and that to the best of my knowledge and belief, such information is true, complete, and accurate. I further certify that I possess the authority to undertake the proposed activities. I further certify that this encroachment shall comply with all Tribal laws for Regulation of Beds, Waters, and Airspace over Navigable Lakes and Streams within the Coeur d'Alene Reservation.

16. I hereby grant the Coeur d'Alene Tribe the right to come upon the above-described location to inspect the proposed or completed work.

	Lawrence B. Holder, Diane J. Cook	6/30/2017

JOINT APPLICATION FOR PERMITS

U.S. ARMY CORPS OF ENGINEERS - IDAHO DEPARTMENT OF WATER RESOURCES - IDAHO DEPARTMENT OF LANDS

IDWR/NORTHERN

Authorities: The Department of Army Corps of Engineers (Corps), Idaho Department of Water Resources (IDWR), and Idaho Department of Lands (IDL) established a joint process for activities impacting jurisdictional waterways that require review and/or approval of both the Corps and State of Idaho. Department of Army permits are required by Section 10 of the Rivers & Harbors Act of 1899 for any structure(s) or work in or affecting navigable waters of the United States and by Section 404 of the Clean Water Act for the discharge of dredged or fill materials into waters of the United States, including adjacent wetlands. State permits are required under the State of Idaho, Stream Protection Act (Title 42, Chapter 38, Idaho Code and Lake Protection Act (Section 58, Chapter 13 et seq., Idaho Code). In addition the information will be used to determine compliance with Section 401 of the Clean Water Act by the appropriate State, Tribal or Federal entity.

Joint Application: Information provided on this application will be used in evaluating the proposed activities. Disclosure of requested information is voluntary. Failure to supply the requested information may delay processing and issuance of the appropriate permit or authorization. Applicant will need to send a completed application, along with one (1) set of legible, black and white (8 1/2"x11"), reproducible drawings that illustrate the location and character of the proposed project / activities to both the Corps and the State of Idaho.

See Instruction Guide for assistance with Application. Accurate submission of requested information can prevent delays in reviewing and permitting your application. Drawings including vicinity maps, plan-view and section-view drawings must be submitted on 8-1/2 x 11 papers.

Do not start work until you have received all required permits from both the Corps and the State of Idaho

Continue to Block 16 to detail each work activity and overall project. The purpose of this project is to pump water from the Coeur d'Alene lake to be used for sprinkler irrigation of the landscaping at the home at 20764 S. Watson Rd. The project will entail an above-ground electric pump near the water with a pipe extending approximately 60 feet into the water.									

16. DETAILED DESCRIPTION OF EACH ACTIVITY WITHIN OVERALL PROJECT. Specifically indicate portions that take place within waters of the United States, including wetlands. Include dimensions; equipment, construction, methods; erosion, sediment and turbidity controls; hydrological changes; general stream/surface water flows, estimated winter/summer flows; borrow sources, disposal locations etc.:

The project will involve the insertion of a 1 inch PVC pipe approximately 60 feet into the water (at a final depth of approximately 20 feet). The end of the pipe will be filtered and supported approximately 1 foot off the lake bottom by a steel stand. The other end of the pipe will be connected to an above-ground 1HP electric motor, which will pump the water into a sprinkler system. The sprinkler system consists of 2 zones, with 8 sprinkler heads per zone. The sprinklers and pump will be on a timer and run for approximately 20 minutes per day during the non-winter months (March 15-November 15). The quantity of water used is estimated to be 0.02 cubic feet per second (cfs).

17. DESCRIBE ALTERNATIVES CONSIDERED to AVOID or MEASURES TAKEN to MINIMIZE and/ or COMPENSATE for IMPACTS to WATERS of the UNITED STATES, INCLUDING WETLANDS: See Instruction Guide for specific details.

This project will have minimal impact on aquatic resources. The pipe and stand will rest on top of the lake bottom. The intake point will be raised and filtered to avoid disturbance of the lake bottom and avoid intake of silt, aquatic life, or other debris. The amount of water taken from the lake will be minimal.

18. PROPOSED MITIGATION STATEMENT or PLAN: If you believe a mitigation plan is not needed, provide a statement and your reasoning why a mitigation plan is NOT required. Or, attach a copy of your proposed mitigation plan.

Mitigation plan is not needed. The proposed activity will have minimal impact on aquatic resources. Measures will be taken (see block 17) to minimize impacts to aquatic resources.

19. TYPE and QUANTITY of MATERIAL(S) to be discharged below the ordinary high water mark and/or wetlands:

Dirt or Topsoil: _____ 0 cubic yards
Dredged Material: _____ 0 cubic yards
Clean Sand: _____ 0 cubic yards
Clay: _____ 0 cubic yards
Gravel, Rock, or Stone: _____ 0 cubic yards
Concrete: _____ 0 cubic yards
Other (describe): _____ : _____ 0 cubic yards
Other (describe): _____ : _____ 0 cubic yards

TOTAL: _____ 0 cubic yards

20. TYPE and QUANTITY of impacts to waters of the United States, including wetlands:

Filling: _____ 0 acres _____ 0 sq ft. _____ 0 cubic yards
Backfill & Bedding: _____ 0 acres _____ 0 sq ft. _____ 0 cubic yards
Land Clearing: _____ 0 acres _____ 0 sq ft. _____ 0 cubic yards
Dredging: _____ 0 acres _____ 0 sq ft. _____ 0 cubic yards
Flooding: _____ 0 acres _____ 0 sq ft. _____ 0 cubic yards
Excavation: _____ 0 acres _____ 0 sq ft. _____ 0 cubic yards
Draining: _____ 0 acres _____ 0 sq ft. _____ 0 cubic yards
Other: _____ : _____ 0 acres _____ 0 sq ft. _____ 0 cubic yards

TOTALS: _____ 0 acres _____ 0 sq ft. _____ 0 cubic yards

21. HAVE ANY WORK ACTIVITIES STARTED ON THIS PROJECT? ☒ NO ☐ YES If yes, describe ALL work that has occurred including dates.				
22. LIST ALL PREVIOUSLY ISSUED PERMIT AUTHORIZATIONS: 6/7/2017, Idaho Department of Water Resources (IDWR), Application for Permit to divert water, pending.				
23. ☒ YES, Alteration(s) are located on Public Trust Lands, Administered by Idaho Department of Lands				
24. SIZE AND FLOW CAPACITY OF BRIDGE/CULVERT and DRAINAGE AREA SERVED: <u>n/a</u> Square Miles				
25. IS PROJECT LOCATED IN A MAPPED FLOODWAY? ☒ NO ☐ YES If yes, contact the floodplain administrator in the local government jurisdiction in which the project is located. A Floodplain Development permit and a No-rise Certification may be required.				
26a. WATER QUALITY CERTIFICATION: Pursuant to the Clean Water Act, anyone who wishes to discharge dredge or fill material into the waters of the United States, either on private or public property, must obtain a Section 401 Water Quality Certification (WQC) from the appropriate water quality certifying government entity. <u>See Instruction Guide for further clarification and all contact information.</u>				
The following information is requested by IDEQ and/or EPA concerning the proposed impacts to water quality and anti-degradation:				
☒ NO ☐ YES Is applicant willing to assume that the affected waterbody is high quality?				
☒ NO ☐ YES Does applicant have water quality data relevant to determining whether the affected waterbody is high quality or not?				
☒ NO ☐ YES Is the applicant willing to collect the data needed to determine whether the affected waterbody is high quality or not?				
26b. BEST MANAGEMENT PRACTICES (BMP's): List the Best Management Practices and describe these practices that you will use to minimize impacts on water quality and anti-degradation of water quality. All feasible alternatives should be considered - treatment or otherwise. Select an alternative which will minimize degrading water quality The project will result in no degradation to water quality. All materials used for the intake pipe are inert.				
Through the 401 Certification process, water quality certification will stipulate minimum management practices needed to prevent degradation.				
27. LIST EACH IMPACT to stream, river, lake, reservoir, including shoreline: Attach site map with each impact location.				
Activity	Name of Water Body	Intermittent Perennial	Description of Impact and Dimensions	Impact Length Linear Feet
Water Intake for Irrigation	Coeur d'Alene Lake	Perennial	Entry point of intake pipe impacts less than 1 foot of shoreline	1
TOTAL STREAM IMPACTS (Linear Feet):				1
28. LIST EACH WETLAND IMPACT include mechanized clearing, fill excavation, flood, drainage, etc. Attach site map with each impact location.				
Activity	Wetland Type: Emergent, Forested, Scrub/Shrub	Distance to Water Body (linear ft)	Description of Impact Purpose: road crossing, compound, culvert, etc.	Impact Length (acres, square ft linear ft)
				0
				0
				0
				0
TOTAL WETLAND IMPACTS (Square Feet):				0

29. ADJACENT PROPERTY OWNERS NOTIFICATION REQUIREMENT: Provide contact information of ALL adjacent property owners below.

Name: Doug and Lisa Shoop Mailing Address: 8715 W. 1st Pl. City: State: Zip Code: Kennewick WA 99336 Phone Number (include area code): E-mail: 509-521-3872 shoop.lisa@yahoo.com	Name: Mailing Address: City: State: Zip Code: Phone Number (include area code): E-mail:
Name: Jerry and Linda Boyd Mailing Address: 4133 S. Stone St. City: State: Zip Code: Spokane WA 99223 Phone Number (include area code): E-mail: 509-448-9440 jkbspokane@comcast.net	Name: Mailing Address: City: State: Zip Code: Phone Number (include area code): E-mail:

30. SIGNATURES: STATEMENT OF AUTHORIZATION / CERTIFICATION OF AGENT / ACCESS

Application is hereby made for permit, or permits, to authorize the work described in this application and all supporting documentation. I certify that the information in this application is complete and accurate. I further certify that I possess the authority to undertake the work described herein; or am acting as the duly authorized agent of the applicant (Block 2). I hereby grant the agencies to which this application is made, the right to access/come upon the above-described location(s) to inspect the proposed and completed work/activities.

Signature of Applicant:

Date:

6/30/17

Signature of Agent:

Date:

This application must be signed by the person who desires to undertake the proposed activity AND signed by a duly authorized agent (see Block 1, 2, 30). Further, 18 USC Section 1001 provides that: "Whoever, in any manner within the jurisdiction of any department of the United States knowingly and willfully falsifies, conceals, or covers up any trick, scheme, or disguises a material fact or makes any false, fictitious, or fraudulent statements or representations or makes or uses any false writing or document knowing same to contain any false, fictitious or fraudulent statements or entry, shall be fined not more than \$10,000 or imprisoned not more than five years or both".
