CONDITIONS OF APPROVAL

1. Diversion of water from the Snake River is limited to those times water is available for diversion under this right and priority from Palisades Creek at the original point of diversion.
2. To mitigate for injury to other water users caused by the approval of Transfer 81162, the watermaster shall deliver no less than 1.15 cfs of this right into the Palisades Canal to offset historical conveyance losses. Prior to changing the mitigation portion of this right or removing the Palisades Canal point of diversion from this right, the right holder shall obtain an approved transfer from the department and written approval of the change from The Palisade Irrigation Company, Inc.
3. This right when combined with all other rights shall provide no more than 3.5 afa per acre at the field headgate for irrigation of the place of use.
4. Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 1.
