Water resources

I have attached a check to start the process for obtaining my water right at the above address. I was told I needed to pay a fee of 125.00 dollars to upgrade my well status for irrigation. My well permit # is 63-91-W221. Water right number is 63-34239. I was told the application was submitted to use the existing well on the property for irrigation and stock tanks.

Please let me know if you need anything additional.

Sincerely,

Bill Crawford
