Subject to check and any concerns of the Applicant, the proposed conditions are acceptable to me and consistent with discussions at the prehearing conference last week.

Subject: Application 11-7829 - Draft Permit

Dear Parties,

Attached is a draft permit for Application 11-7829 (Fish Haven Pipeline Company). I tried to incorporate the condition language we discussed at the pre-hearing conference. Please take time to review the elements and conditions of the water right. If the conditions satisfy your concerns, you can withdraw your protest contingent on the final permit matching the 6/30 Draft. If you have any comments or revisions, please provide those to me and the other parties by July 21st. Please note, Mr. Payne was concerned about his internet access at his summer residence so I have also mailed him a copy of the draft permit. Also, I did not have an email address for Kathy Izatt. Please forward this email to her if needed.
