Re: Notice of Change in Water Right Ownership No: 2-10458

Original: Water Right No. 2-10458
Split into: Water Right No. 2-10458 and 2-10534

Dear Water Right Holder(s):

The Department has received and processed a Notice of Change in Water Right Ownership for a portion of your original water right as referenced above. This change of ownership resulted in a split of your original water right.

When a portion of the original water right has been conveyed to another owner and the original right has been split, a new water right number is created to represent the portion obtained by the new owners. For your records a poof report for 2-10458 and map depicting the place of use (POU) and the point of diversion (POD) are enclosed. Please refer to your new water right number when corresponding with our office.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing an ownership change notice, the department does not review the history of water use to determine if the right has been forfeited through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Sections 42-222 and 42-223, Idaho Code.

If you have any questions concerning the enclosed information or this letter, please feel free to contact this office at 208-334-2190.

Sincerely,

Phill Hummer
