

MEMORANDUM

Date: July 7, 2017
To: Transfer 81647
From: Scott Stosich
Re: Review & Evaluation of Sufficiency of Information

The purpose of this transfer is to add a new point of diversion for Water Rights 32-10004, 32-13351, 32-13352, 32-13353.

Authority to File:

The applicant is the current water right owner for 32-10004, and Webber Creek Ranch, LLC, current owner of WR 32-13351, 32-13352, 32-13353, has given written authorization to make the changes in this transfer. Clark County taxlot data confirms Webber Creek Ranch, LLC is the owner of where the proposed added point of diversion will be drilled.

Water Right Validity:

The water rights included in this transfer were decreed in the SRBA; WR 32-10004 in 1998, WR 32-13351 & 32-13352 in 2000, and WR 32-13353 in 2002. Forfeiture is not an issue.

Injury to Other Water Rights:

Other rights will not be injured by the proposed change. The added point of diversion is located within the same ESPA cell as the current point of diversion, therefore, no ESPA model simulation is needed. Also, the transfer was advertised and no protests were filed.

Enlargement of Use:

The proposed addition will not result in enlargement because neither the rate or volume will increase as a result of the transfer.

Local Public interest:

No issues identified.

Beneficial Use/Conservation of Water Resources:

No issues identified.

Effect on Economy the Local Area:

No issues identified.

Review of the application finds there is no clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this application.
