57-7083, 57-7128, 57-7052, 57-2212
Case No. E2017-1134

Dear Water User,

The Idaho Department of Water Resources (IDWR) is reviewing irrigated lands within the Snake River basin by comparing aerial photography against the recorded place of use (POU) from valid water rights. These investigations are in response to inquiries or concerns received by IDWR regarding potential unauthorized irrigation. Irrigation in excess of, or inconsistent with your water right(s) is a violation of Idaho law.

A recent review in your area has identified lands being irrigated outside the authorized (POU) described on your water right(s). The attached map indicates the area(s) identified during the review. IDWR requires that you correct the water right(s) POU by submitting the necessary water right transfer application to IDWR's Western Regional Office within 60 days of the date of this letter. Please notify me directly when the application has been submitted. The Application for Transfer of a Water Right form can be found on our website at the following link:

<https://idwr.idaho.gov/files/water-rights/application-for-transfer-of-a-water-right.pdf>

At this point in time, IDWR *has not* concluded you are irrigating acres exceeding what your water right(s) authorize. IDWR will reevaluate this specific issue next year to verify that a transfer was submitted and that no expanded use has occurred.

Please contact me at (208) 287-4944 if you have any questions. Your help to resolve the discrepancies noted above is appreciated.

Respectfully,

ANY PERSON aggrieved by any decision, determination, order or action of the Department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Department and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

If the transfer approval includes a condition requiring measuring and recording devices, such devices shall comply with specifications established by the Department. Detailed specifications are available on the Department's home page on the Internet, or you can request a copy by contacting any office of the Department. Please be sure to thoroughly review the specifications to avoid unnecessary costs for reinstallation or modification due to non-conforming or improperly installed devices.

EXPLANATORY INFORMATION TO ACCOMPANY A PRELIMINARY ORDER

(To be used in connection with actions when a hearing was not held)

(Required by Rule of Procedure 730.02)

The accompanying order or approved document is a "Preliminary Order" issued by the department pursuant to section 67-5243, Idaho Code. It can and will become a final order without further action of the Department of Water Resources ("department") unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below:

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. **Note: the petition must be received by the department within this fourteen (14) day period.** The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after: (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the Department or the Water Resource Board is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the Department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its service date if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) The petition for reconsideration is disposed of; or
- (b) The petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held.
- ii. The final agency action was taken.
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

MEMORANDUM

TO: Transfer No. 81716
FROM: Patrick Kelly
DATE: 6/21/2017
RE: Evaluation of Application

Summary of Information Submitted: Application Transfer No. 81716 proposes to create a 954 acre POU within a 1155.9 acre PPU for 5 water rights (57-2212, 57-7052, 57-7083, 57-7128 & 57-7157). Changes to diversions or delivery methods are not proposed. The farm is located inside Striker Basin, east of State Hwy 78.

Greg Sullivan of Brockway Engineering is the representative in Twin Falls at (208)736-8543.

Page 3 of the transfer application outlines a Place of Use that includes tenths of an acre. Department standards do not identify rights greater than 10 acres to the tenth. After rounding the entire POU, the total acres sum to 1,152 acres. An amendment to the application is not required to correct this. The original fee was submitted based on the changing of 175 acres. Review of the application found that 197 acres were changing, resulting in a higher fee bracket. The representative submitted an additional \$80 to continue processing.

The sum of the rights acre limit total 954 acres with a decreed combined use limit of 954 acres. The rights associated with the transfer do not identify a maximum volume, but the decreed combined use limit of 4,293 af is the product of 4.5 af/ac. When summed, all of the rights total a diversion rate of 11.46 cfs. So the only combined use limit that is actually a limit to the group is the diversion rate of 10.35 cfs. All other limits will be dropped, since the volume limit is covered by headgate conditions, and the acres are just a sum of each right.

Authority to File: The application was filed in the name of Murphy Land Company LLC and was signed by a Mr. Frank Tiegs. According to ID SOS records for this company, Mr. Tiegs is the registered member. Murphy Land Company is the current water right owner to all of the rights associated with the transfer.

Water Right Validity: The rights were decreed 2001 to 2002. 2013 imagery shows that ~ 954 acres are developed and were irrigated. Forfeiture is not a concern.

Overlap Analysis: Place of use comparison tool finds that all water rights pertinent to the Murphy Land Company farm are included in the transfer. No other rights should be considered.

Injury to Other Water Rights: None anticipated. Changes to points of diversion or irrigation practices within the Trust Water Boundary are not proposed. The application will not be advertised since pursuant to Section 42-222, Idaho Code, the Department has discretion to provide public notice as deemed appropriate. The water right changes proposed through this transfer application do not appear to change the effect on the original or hydraulically connected water source or affect other water rights. Therefore, staff review of the transfer application found no cause to require public notice. This application will continue processing without advertisement and be forwarded for approval consideration.

Enlargement of Use: None anticipated. Murphy Land Company diversions will be limited to a total combined use of 10.35 cfs. All rights will maintain the 4.5 af/ac allowance for the area. The total acres authorized (954) will not change.

Local Public Interest: Review staff has no information that would compromise the local public interest.

Beneficial Use/Conservation of Water Resources: The application proposes beneficial use consistent with conservation of water resources in Idaho.

The application is consistent with criteria of I. C. § 42-222 and should be processed.

RE: Additional Fee Required for Transfer 81716

Dear Applicant:

On May 30, 2017, you filed a transfer application to create a permissible place of use associated with water rights 57-2212, 57-7052, 57-7083, 57-7128 & 57-7157. The transfer application proposes to move 1.9 cfs based on changing 175 acres. Based on a combined use limit rate of 10.35 cfs, we can use the 0.010849 cfs/acre to quantify a fee based on the number of acres that are changing. You paid \$580 based on 175 acres changing (1.90 cfs).

Below is the current 954 acre Place of Use description of the rights associated with the farm.

Sec	NENE	NWNE	SWNE	SENE	NENW	NWNW	SWNW	SENW	NESW	NWSW	SWSW	SESW	NESE	NWSE	SWSE	SESE	Total Acres
25							32	8	18	39	36	32					165

35	40	32	28	40									39	5		21	205
36		10	10		40	38	40	40	40	40	40	40		40	40		418
																	954

Here is the PPU description submitted on Page 3 of Transfer application 81716.

Sec	NENE	NWNE	SWNE	SENE	NENW	NWNW	SWNW	SENW	NESW	NWSW	SWSW	SESW	NESE	NWSE	SWSE	SESE	Total Acres

26			40	40				12.4	20.3				40	40	7.7	40	240.4

																	1155.9

The change in acres from 954 to 1,155.9 as you have described in the application is 201.9 acres. This change would reflect a rate per acre change of 2.19 cfs, and a transfer fee of \$660.

Current department standards do not acknowledge tenths of an acre for irrigation use greater than 10 acres. Below is a description of your proposal rounding to the nearest acre.

Sec	NENE	NWNE	SWNE	SENE	NENW	NWNW	SWNW	SENW	NESW	NWSW	SWSW	SESW	NESE	NWSE	SWSE	SESE	Total Acres

36		20	40		40	38	40	40	40	40	40	40		40	40		458
																	1151

This reflects a total PPU of 1,151 acres; a difference of 197 acres. This change would reflect a rate per acre change of 2.14 cfs, and a transfer fee of \$660. If Murphy Land Company intends to only add 175 acres to the PPU, then the application needs to be amended to reflect a 1,129 acre description. If the Company wishes to pursue a 1,151 acre description, then an additional \$80 needs to be paid to continue processing.

Please submit the correct fee and/or amended transfer for the application to be processed. You may seek additional time to provide the information by making a written request to interrupt processing for

up to six months. The application will be rejected without a timely written reply within the next thirty (30) days. Refunds are not issued for rejected applications.

IDWR forms and other information are available on the Internet at www.idwr.idaho.gov. Please contact me at 208-334-2190 for further assistance. Thank you for your attention to these matter.

Re: Murphy Land Company Water Right Transfer

Dear Mr. Miller:

Murphy Land Company desires to create a 1,155.9 acre permissible place of use for water rights 57-2212, 57-7052, 57-7083, 57-7128 and 57-7157. The farm is located near Murphy, Idaho located in Owyhee County.

No additional water rights or irrigation acres will be moved into this farm. The current PODs, beneficial use, period of use and ownership of these water rights will not be changing.

This transfer will correct the irrigation POU to match the current irrigation management practices that are occurring on the farm at this time.

The transfer fee is based on 175.0 acres out of the allowed 954.0 acres that will be changing location with this this transfer. The 175.0 acres was multiplied by a diversion application rate of 0.11 cfs/acre for 1.90 cfs that will be changing due to this transfer.

Please copy our office on all correspondence regarding this application.
