It's All Yours! Go Play This 4th of July Holiday

As the 4th of July weekend approaches many recreationists will be out enjoying the Sawtooth National Forest. The Sawtooth National Forest encourages everyone to "Know Before You Go" and learn about important information to make your trip enjoyable and safe.

Fireworks are prohibited on all national forests year-round. Even if it's "green," please practice good sense by using caution with fire and smoking at all times, in all places. Drown, stir and check your campfire for heat with your bare hand. ALL fires must be DEAD OUT before leaving the site.

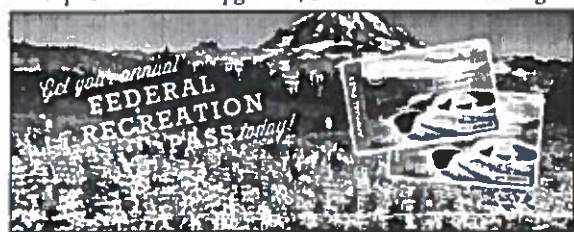

Keep it Clean to Avoid Bear Encounters! Bears often develop a strong liking for human and pet foods. Store food in hard-sided vehicles or bear-proof containers; keep sleeping areas, tents and sleeping bags free from food and food odors; and wash up, change clothes and remove all scented articles nearby before going to bed. Wild bears avoid people, but bears conditioned to human food can be aggressive and may be euthanized if problems occur.

SNOW can be found on all Districts as well as the Sawtooth National Recreation Area on the Sawtooth National Forest. You will find wet roads, trails and campgrounds. We urge visitors not to enter areas that are wet to protect infrastructure as well as your personal equipment. Not all areas on the Sawtooth National Forest have cell coverage, if you get in trouble you may not be able to get help. Please stay on designated routes and obtain the appropriate travel maps before you go.

Campground Information. It is very important to know the "length of stay" limit at the campground or campsite that you are using. Camping is allowed at developed campgrounds and dispersed sites. In some areas dispersed camping is limited to developed campgrounds and designated sites only.

In areas where dispersed camping is allowed you may travel no more than 300 feet off of an open Forest road. Stay limits vary from 10 or 16 consecutive days. Once you have exceeded the stay limit at any dispersed site you must relocate. Stay limits and relocation requirements are posted along main road corridors or you can contact any Forest office for specific area information. All campgrounds will be open and reservations can be made at <http://www.recreation.gov>

NOTE: Baumgartner Campground is closed to the public while repairs are being made. If you have questions this campground, contact the Fairfield Ranger District at 208-764-3202.
