RE: Parcel associated with right 82-10004

On June 15, 2017, I contacted the Idaho County Tax Assessor's office and spoke with Marsha Cunningham. I was trying to identify the property associated with Parcel No. RP29N08E263470A, which is listed as the property associated with Water Right No. 82-10004.

Ms. Cunningham reviewed the deeds, assessment notices, and ownership records and informed me that Parcel No. RP29N08E263470A was updated when an adjustment added 0.914 acres to the southern portion of the property. The new parcel number is RP29N08E263471, which is owned by Marta Reyes.

That parcel is located in Government Lot 4 (NWNW) of Section 26, T29N, R08E. The legal description for the point of diversion for WR 82-10004, as authorized in the partial decree, is the SWNENW Sec. 26, T29 R08E, B.M.. The legal description for the place of use is the SWNENW Sec. 26, T29 R08E, B.M.. In order to correct the error in the legal description, Marta Reyes has filed a change in ownership and transfer application.
