Dear Shaun,

Enclosed please find our Revised Application for Permit.

As you requested in your letter of June 15, I have revised the acreage to be irrigated to be more accurate at 1.2 acres. I have enclosed a check for \$100 to cover the fee that I had forgotten to include in my original mailing.

During our telephone conversation you said that one of the maps I provided to prove the correct acreage of our property was a map of Lot 8. In our subdivision we only have 6 lots. Our lot is #6 and all the maps I originally included show Lot 6 of West Ridge Estates - our lot.

Please notify us if we need to provide additional information to obtain a permit from the Idaho Department of Water Resources.

Thank you.

Sincerely,

Barbara Stout

RE: Rule 35 Incomplete Application for Permit– Fee payment & excessive Irrigation of .7 acres

Dear Mr. and Mrs. Stout:

Idaho Department of Water Resources (IDWR) received your incomplete Application for Permit on June 14, 2017 for .14 Cubic Feet per Second (CFS) using Groundwater for Domestic and Irrigation purposes at Bonner County parcel RPD37340000060A. The required \$100 fee was not with the Application. Your incomplete Application is enclosed. Please be advised the Application shows an excessive CFS amount for Irrigation.

Idaho Administrative Code (Rule 35 Water Appropriation Rules IDAPA 37.03.08) requires that an Application for permit be submitted with the required fee (\$100) to be acceptable for filing. Payment of the fee with the completed Application is required before IDWR can publish accurate legal notices and continue Application processing.

Please telephone me for assistance concerning the amount of land you intend to irrigate, and the fee payment, or contact me for an appointment at the IDWR Northern Region office by July 17, 2017. Please submit a written request, with your fee payment, if you need additional time to provide the information. IDWR can grant additional time upon a showing of good cause for the delay.

I can be reached at (208) 762-2816.

Respectfully,

Shaun M. Maxey
