RE: Rule 35 Incomplete Application for Permit-Incorrect Township

Dear Mr. and Mrs. Schnurr:

Idaho Department of Water Resources (IDWR) received your incomplete Application for Permit on June 19, 2017 for .04 Cubic Feet per Second (CFS) using Groundwater for Domestic purposes at Kootenai County parcel 00780001017. Your incomplete Application is enclosed. Completion of the Application with the correct Township (47N), matching the Application map, is required before IDWR can publish accurate legal notices.

Idaho Administrative Code (Rule 35 Water Appropriation Rules IDAPA 37.03.08) requires that the legal description of the Point of Diversion and Place of Use be described to include the correct Township on both the Application (line 4 & line 9) and accompanying map. Your Application does not include the correct Township (47N) for the well location (Point of Diversion) or Place of Use.

Please telephone me for assistance to submit the completed Application with the correct information or contact me for an appointment at the IDWR Northern Region office by July 21, 2017. I can describe how to use the enclosed IDWR map to complete the Application if you need help. Please submit a written request if you need additional time to provide the information. IDWR can grant additional time upon a showing of good cause for the delay.

I can be reached at (208) 762-2816.

Respectfully,

Shaun M. Maxey
