Kerrie,

Thank you for taking the time and making the effort to DRAFT the correct application to meet my needs. I must say that there are many nuances in the water permitting world, but after reviewing the corrected application and our visit this morning, it does make sense.

I have enclosed the signed signature page for the corrected application and a check in the amount of \$230.00. With the initial check of \$20.00 this additional amount will satisfy the application fee of \$250.00.

Thank you for your efforts and support in these matters. If there are questions or if additional information that is needed, please contact me.
