PROOF ACKNOWLEDGEMENT LETTER

RE: Permit No. 13-7965

Dear Permit Holder(s):

The department acknowledges receipt of the Proof of Beneficial Use ("proof") form and license examination fee submitted for the above referenced permit.

During review of your proof statement and the permit listed above, I noticed that you stated a greater number of acres being irrigated than the number of acres allowed under this permit for irrigation. You stated on your proof that you have irrigated 15 acres. This permit authorizes a maximum of 13 acres under irrigation use. Irrigation of water under this permit is limited to the authorized amount. I have enclosed a copy of your proof statement and this permit for your reference. You may apply for another permit to cover additional water use if needed. Application for Permit forms are available from any department office or at the department's website at www.idwr.idaho.gov.

The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water.

Please be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office or at the department's website at www.idwr.idaho.gov.

If you have any questions concerning the field examination, please contact the Eastern Region Office of the Department located in Idaho Falls Boise at (208) 525-7161.

Sincerely,

Darla Block
