PROOF DEFICIENCY LETTER

RE: Lapsed Permit No. 61-7731

The Department has received a Request to Reinstate a Permit Lapsed more than Sixty Days, a Statement of Completion for Submitting Proof of Beneficial Use ("proof"), and a Beneficial Use Field Report prepared by a certified water right examiner all filed for the above referenced water right permit.

This permit is still in the name of Mountain Home Groundwater Advisory. Normally it takes an Assignment of Permit form to change the ownership of a water right permit. However, since the permit holder of record is no longer available the Department requires that you submit a Notice of Change in Water Right Ownership form, and filing fee of \$25.00 as soon as possible in order to move forward and issue a license in your name. If a completed Notice of Change in Water Right Ownership form and fee are not received, a license will be issued in the permit holders' name.

Enclosed for your use is a Notice of Change in Water Right Ownership form. Please contact me at (208) 287-4945, if you have any questions.

Sincerely,

Darla Block
Technical Records Specialist
