RE: Notice of Ownership Change in Water Right No's: 65-6802 & 65-6803

Dear Applicant,

Water Rights 65-6802 & 65-6803 cannot be modified without further documentation. It appears that the legal description on each right was claimed and decreed in error. The place of use (POU) location on file for this water right is Township 13N, Range 3E, Section 3, and SENE. The deed that you have provided only specifies to Township 13N, Range 3E, Section 3 and NENE. The only way to correct these errors now is by filing an application for transfer of water right to change the point of diversion and place of use to the correct location. I have also included a map and proof report illustrating this along with the application. A refund has been provided to you and will be sent under separate cover.

Please note that as of July 1, 1996, water right owners are required to report any change of water right ownership and any change of mailing address of the owner of a water right, to the Department. Notice of the change must be provided to the Department within 120 days of the change. Change reporting forms are available from any office of the Department, or at www.idwr.idaho.gov.

Thank you for your patience and cooperation. Please call (208)334-2190 if you have any questions concerning the enclosed information.

Sincerely,

Chad Jones
