**RE: APPLICATION TO LEASE WATER RIGHT NOS. 37-22211 AND 37-22243
TO THE WATER SUPPLY BANK**

Dear Applicants:

The Department of Water Resources ("Department") has completed its review of your applications to lease water rights to the Water Supply Bank ("Bank"). Based on that review, the Department cannot accept water rights 37-22211 and 37-22243 into the Bank.

This letter is notice that the attached applications to lease water to the Bank are **returned**. The Water Supply Bank Rules provide criteria to be considered when determining whether to accept a water right into the Bank. One of the criteria for consideration is proof of current ownership.

The applications came to the department on April 27, 2017 with a Notice of Change of Water Right Ownership. This notice was accompanied by a Quitclaim Deed which was dated and notarized on April 22, 2017. The department updates the water right records based on the documentation provided. This means that the ownership change of the water right from Jayne D Murrel Revocable Trust and Michael Flinn (previous owners) to Michael E. Flinn and Jayne M. Flinn, Trustees, The 7 Dog Trust (current owner) took place on April 22, 2017.

Since the Application to Sell or Lease a Water Right to the Water Supply Bank reflects the previous owners and does not reflect the current owner, and the Attachment 1A does not specify the Designated Applicant as the person that the W9 was received from, this application is returned unprocessed.

The application fee will be held for 30 days to allow for resubmittal with the correct information.

Please note the forfeiture period is not tolled unless a right is accepted into the Bank, or unless an exception or defense to forfeiture applies as described under Idaho Code § 42-223. If forfeiture is a concern, you may consider filing an Application for Extension of Time to Avoid Forfeiture of a Water Right form. This and other water right forms are available from the Department's web site at www.idwr.idaho.gov.

If you have any questions, please contact me at (208) 287-4910.

Sincerely,

Clay Webster

4. GENERAL INFORMATION

- A. Is the diversion works or system owned or managed by an irrigation district or water delivery company? Yes ☐ No ☒
If yes, provide written consent from the company, corporation or irrigation district authorizing the proposed sale or lease (Attachment 4A).

Zach,

I've reviewed the ownership change notice and the lease applications for portions of Rights 37-22211 and 37-22243. I see how things may have gotten confused by the timing of events. Nevertheless, I concur with Christine that revisions will be necessary before IDWR can process the lease applications.

The facts are as follows. The Department received the ownership change notice and the lease applications on April 27, 2017. The ownership change notice was accompanied by a quitclaim deed signed and notarized on April 22, 2017. The quitclaim deed granted to "Michael E. Flinn and Jayne M. Flinn, Trustees, The 7 Dog Trust" any interest that the Jayne D. Murrel Revocable Trust and Michael Flinn might have had in Water Rights 37-22211 and 37-22243. The lease applications were filed by Jayne D. Murrel Revocable Trust and Michael Flinn.

The sequence of events affects how IDWR has to view the applications. The key point is that IDWR does not determine water right ownership. Instead, IDWR updates the official records to reflect ownership changes that have already occurred. Since the Jayne D. Murrel Revocable Trust and Michael Flinn had given up their interests in Rights 37-22211 and 37-22243 by April 22, 2017, IDWR cannot process the lease applications they submitted for those rights on April 27, 2017. To move ahead with leases for portions of these water rights, IDWR would need lease applications filed by the current owner.

If revised applications are prepared, I recommend paying close attention to the designated applicant information on pages 1, 2, 4, and 1A. Since we received Michael Flinn's W-9 already, it would be acceptable to list him as the designated applicant. Listing Applicant #2 as "Michael E. Flinn and Jayne M. Flinn, Trustees, The 7 Dog Trust", just as it is stated on the quitclaim deed, would be acceptable to IDWR also. Since the quitclaim deed lists Michael E. Flinn *and* Jayne M. Flinn, we will need both signatures on Attachment 1A.

Meanwhile, the lease applications will be returned unprocessed. I've attached a scanned copy of the cover letter Clay prepared. Unless you direct otherwise, IDWR will retain the payment for the lease applications for 30 days in case they are revised and resubmitted. The delay caused by resubmittal (within 30 days) will not affect forfeiture protection for the water rights because the leased portions have been idled for the entire irrigation season. The lease contract, if approved, would protect them for the entire year that the lease takes effect.

As always, please call or email if you have further questions.

Regards,

Shelley

Christine,

At the time of the joint WSB lease and change of ownership submittal, the Jayne D Murrel Revocable trust was the owner of record for both rights. This is why it is we drafted the applications the way we did, to reflect the current ownership. Had we drafted the leases in the name of the 7 Dog Trust before the rights had been changed into the new owners names, we wouldn't have had authority to file as the 7 Dog Trust didn't own the rights and IDWR would have likely returned the applications.

Please let me know how you would like to proceed, I would like some input from Shelley on this, thanks for your time.

Re: Change of Ownership and Water Supply Bank Lease Applications (2);
37-22211 and 37-22243.

Remington,

On behalf of The Jayne D Murrel Revocable Trust and Michael Flinn, Brockway Engineering is submitting two water supply bank lease applications which propose to lease a portion of Big Wood River irrigation water right 37-22211 and the same portion of groundwater irrigation right 37-22243 to the Water Supply Bank for the 2017 and 2018 irrigation seasons. These two water rights are stacked on the same 6.1 acre place of use so the individual water right lease acreages are the same. We are also submitting a change of ownership form for water rights 37-22211 and 37-22243 into the name of The 7 Dog Trust (same owners, different trust/address).

Also enclosed is a check for \$550.00 to cover the cost of the lease applications (\$500) and the change of ownership (\$50 for two undivided water rights) forms. Please copy our office on all correspondence regarding these companion water supply bank lease and rental applications. Thank you for your assistance and if you have questions or comments, please don't hesitate to give me a call.
