Dear Water Right Holder(s):

The department acknowledges receipt of correspondence changing ownership of the above referenced water right(s). The department has modified its records to reflect the change in ownership and has enclosed computer-generated reports for your records.

Please note that although water rights 45-580, 45-581 and 45-032 were listed on the Notice of Change of Water Right Ownership forms, ownership on these water rights was not updated. Water rights 45-580 and 45-581 are not appurtenant to Double Eagle Properties LLLP property and 45-032 is not a valid water right number. The total filing fee for the 14 water rights updated is \$350; therefore, a refund of \$575 for the extra fees paid has been requested from the state controller's office and should be received by TitleFact within the next two weeks.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing an ownership change notice, the department does not review the history of water use to determine if the right has been forfeited through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Sections 42-222 and 42-223, Idaho Code.

Also, please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact this office if you have any questions regarding this matter.

Hi Sascha,

Please issue a refund of \$575 from receipt S036033. The title company was unsure what the fee would be on an ownership change, so they sent more money than was necessary. Please reference the title company's case number 70071sm on the warrant and send to:
