

April 11, 2017

Dear Christine Field,

Thank you for your letter of July 22, 2016 regarding the removal of our water rights from the water bank.

Last Fall, we hired Clearwater in Bellevue to design a water retrieval system for us. They installed it and we look forward to irrigating our eastern pasture for our elderly mares.

Our son made the cover for the

system. The ditch between Gannett Rd. & Rte 75 is to the right of it.

If you have any questions, please call me at: 208-720-8637 or email at ohad10031@hotmail.com.

Thank you,

Barbara Boyer
